VICTORIA, B. C., MONDAY, FEBRUARY 13, 1911

No. 36

PROPOSE WORK COSTING MILLION

PAVING CONTRACTS TO BE LET SHORTLY

City Engineer Smith to Invite
Tenders for Half Mil-
lion-Yards

Angus Smith, city engineer, intends to lose no time in calling for tenders for the major portion of the asphalt paving work authorized by the city council. Speaking to the Times this morning, Mr. Smith said that almost immediately tenders would be invited for 500,000 yards of paving work. This, he explained, would represent an expenditure of approximately \$1,000,000, figuring on the basis of \$2 per yard.

"But unless I am mistaken," added the engineer, "we will get the work done for a figure considerably less than \$2 per yard."

It was hinted in city hall circles this morning that those members of the aldermanic board opposed to the specifications as drawn, on the ground that competition is limited owing to the fact that a concrete base is made compulsory, may ask for the reconsideration of the engineer's report. It is argued by these dissenting members that the interests of the property-owners would be better safeguarded by the city treasurer having in his possession 15 per cent. of the contract price of the pavement for a period of ten years than a mere expression of opinion from an official.

The city council has already determined upon calling for tenders for the paving work to be done on a number of the trunk roads of the city—Fort street, from Douglas to Linden avenue; Yates street, from Blanchard to Cook, and Government street from Discovery to Hillside avenue. The board is unanimous in the opinion that a concrete base should be used on trunk roads where the traffic is heavy, but in residential districts, where the traffic is light, a different base is favored.

The experience of other cities has shown that an asphalt wearing surface will not "set" with a concrete base, it having been demonstrated in New York, for instance, that during a period of hot weather, it would be possible to roll the asphalt wearing surface up "just like a carpet."

WILL VISIT DUBLIN AND EDINBURGH

Announcement Regarding Tour
of King George and
Queen Mary

London, Feb. 12.—The following official announcement concerning royal visits to Ireland and Scotland has been issued:

"The King and Queen hope to visit Dublin and Edinburgh in the month of July next."

This will, of course, be the first visit of the King and Queen to Ireland since they came to the throne. The Queen has, as a matter of fact, been only once in Ireland—in 1897. The King's first visit was when he was Prince George, a naval cadet. He stayed some time with his brother, the late Duke of Clarence, who was then stationed at the Curragh with the 10th Hussars. A great ball was given by the city in their honor at the old Leinster hall on that occasion. The King's next visit to Ireland was in 1897, when he was Duke of York, and was accompanied by his consort. They were there during the horse show week—the great sporting and social event of the Irish year, and had a magnificent reception wherever they went.

The visit to Scotland will be the first official visit since their Majesties came to the throne, but they stayed at Balmoral for some time last year. It is reported in Glasgow that the King and Queen will include that city in their Scottish itinerary next summer. It is expected that the King will then formally open Glasgow's new royal infirmary.

KILLED BY TRAIN.

(Special to the Times.)

Cobalt, Ont., Feb. 12.—Chas. Simonstein, a milkman, father of six children, was killed at North Cobalt on Saturday afternoon. He stepped off the track to get out of the way of a freight train and was struck by a passenger train. When picked up he was dead. This is the third fatality by this train in charge of the same conductor and at the same place.

INJURED BY AUTO.

San Francisco, Cal., Feb. 12.—The police here to-day are on the hunt for a party of autoists who, having run down and probably fatally injured Miss Beattie Hogan, carried her to her home and left her to die in the hallway of the apartment house. The woman's hips were crushed and she was unconscious. Had she been left without aid for another hour, she would have died.

WILL SAFEGUARD LABORING MEN

IMPORTANT CLAUSES IN PAVING CONTRACTS

Wages at Rate of 34½ Cents
Per Hour—No Asiatic
Labor

At the request of Ald. W. P. Fuller, special precautions are to be taken during the execution of the large amount of paving work to be done this year to see that the interests of the laboring classes are protected. Ald. Gleason, chairman of the streets committee, and the city engineer, have been instructed to redraft the following clauses in the paving specifications, with the idea of including therein some proviso whereby a lien can be taken on the work by the men in the event of the contractor defaulting payment:

"The contractor shall employ only competent and skilled men for the particular work in which they are engaged. In the case of laborers, he shall give preference to the men as possible to the employment of residents of the city of Victoria. He shall pay the men their wages at least once a fortnight. The contractor shall pay all workmen employed by him in connection with the contract a minimum wage of 34½ cents per hour for an eight-hour day."

Other clauses in the specifications of interest to the general public are as follows:

"The contractor shall not directly or indirectly employ Chinese, Japanese or Hindus or any other Asiatic upon or in connection with this work forming the subject of this contract, and if the contractor shall employ any of such prohibited labor, the same shall constitute a forfeiture of this contract and the city shall immediately be at liberty to relet the said contract or the balance thereof, and all loss occasioned to the city by reason thereof shall be borne by the contractor and may be retained out of the monies due by him to the city."

"Inspectors are required to see that the provisions of the specifications are faithfully adhered to, especially as regards the quality of workmanship and materials, and shall have the power to suspend any workmen for incompetency or disregard of orders. Orders given by the inspectors, relating to the quality of the materials or workmanship, must be at once obeyed by the contractor, but inspectors have not the power to give any strikes, lines, or gauges, levels or grades, or to set out work. Any orders or directions other than as herein provided for, given by inspectors, shall not be binding upon the corporation."

"At intervals of not less than four weeks the contractor may present to the city engineer a statement of the value of the work done up to the date of the said statement, which the city engineer will check in such manner as he may deem wise, and will then issue a progress certificate for not more than 75 per cent. of the value of the work done, and payment will be made to the contractor of the amount mentioned in such progress certificate. This progress certificate will be based upon an approximate estimate only, and must not be taken or construed as an acceptance of the work so estimated, or as an admission that the city is in any way liable to the contractor in respect thereof. The contractor shall deliver the work over to the city in a clean and complete condition, and upon the completion of the work furnish to the city engineer a statement complete and final of the quantities and cost, and showing thereon the payments already received on account of the contract. The engineer will, upon receipt of such statement, go over the work of the said contractor and accept the same, or reject the same, and if he accepts the same he will issue a final certificate setting forth that the work has been fully and satisfactorily completed and accepted, and thirty-two days after the final acceptance of the work, shall issue a final certificate setting forth the whole amount due to the contractor on his contract, the amounts of previous payments, the amount of hold-backs for guarantees, or for any other reason, and deliver the same to the city comptroller. The city comptroller, upon the receipt of the final certificate, will pay the amount which the said certificate calls for, if no lien be established against the said work in the meantime."

ENDS HIS LIFE.

(Special to the Times.)

Porcupine, Ont., Feb. 12.—Col. Charles Balfour, formerly of Yorkshire, England, and known all over the Northern Ontario mining camps as an English cavalry officer, killed himself on a street of Golden City, on Sunday. The deceased was a colonel in the Imperial Cavalry, being in his 52nd year. He leaves behind him a son aged 21, who was engaged with his father in Porcupine.

WILL BUILD DEPOT.

(Special to the Times.)

Winnipeg, Feb. 12.—Alderman Douglas announces that the Great Northern Railway will build a depot of its own close to Main street, a few blocks from the C. P. R. depot, and have trains running in from the south within a year. The alderman says that J. J. Hill and Louis Hill, whom he met in St. Paul, told him that the railroad will establish a daily freight special from Minneapolis, arriving in Winnipeg about 9 a. m.

ROBBERS LOOT JAPANESE BANK

BLOW OPEN SAFE AND ESCAPE WITH CASH

Two Men Wounded by Bandits
at Sacramento—Interior
of Bank Wrecked

(Times Leased Wire.)

Sacramento, Cal., Feb. 12.—A gang of desperadoes at an early hour to-day blew up the safe of the Nippon Bank here and escaped with \$5,000 in cash and several thousand dollars worth of jewelry that had been left with the bank as security for loans. One of the robbers with a shot gun seriously wounded Charles Pullen, a former night watchman, and slightly wounded Albert Allison.

Reports are conflicting as to whether there were four or five bandits. They are believed to be the same gang which attempted a robbery at Winters, Cal., recently.

The detonation of the nitro glycerine was terrific. It was heard all over the southwest quarter of the city, and the interior of the bank was totally wrecked. According to the most reliable stories, three robbers were stationed at separate corners as pickets. They halted a score or more persons before and after the explosion. Two of the pickets had shot guns, the other a rifle.

The robbers had stolen a rig belonging to James Knapp. They hitched this near the bank and after the robbery made their escape in it.

About five blocks from the bank the police found a quantity of jewelry dropped from the buggy.

Pullen and Allison were walking along the street toward the bank and heard the explosion. They saw a man with a shot gun guarding the street crossing. He commanded them to halt. Pullen stepped forward to investigate, and the bandit fired both barrels at him. The distance was about 50 paces. The shot struck him in the legs. A few strays also hit Allison.

A large piece of steel crashed through the floor past the heads of two Japanese sleeping in the basement below, just grazing but not wounding them.

The bank is owned by G. H. Kishi, and has forty stockholders. The Kishis are believed to have fled toward Roseville.

KAISER'S CONDITION CAUSES UNEASINESS

Alarm Increased by Contra-
dictory Statements Regard-
ing His Illness

(Times Leased Wire.)

Berlin, Feb. 12.—The greatest public alarm for the health and perhaps the life of Emperor William is felt here to-day. The uneasiness of the people has been increased by a mass of contradictory statements as to the Kaiser's illness, and to-day no one outside court circles really knows how serious his indisposition is. The ruler's immediate engagements were cancelled to-day, and this accentuated the fear of the people that a fatal termination if his illness is not an impossibility.

WANTS LIGHT ON IRISH HOME RULE

Earl of Dunraven Submits
Number of Questions
to Nationalists

(Special to the Times.)

London, Feb. 12.—The Earl of Dunraven asks, "Are the relations between parliament and Westminster to be the same as between the parliament of the province of Quebec and the Dominion, or as between the Ottawa and Imperial parliaments?" An answer would clear away the discrepancies appearing in the speeches last October of John Redmond in the United States and T. P. O'Connor in Canada.

PREACH UPRISING.

Two Chinese Women Declare in Favor of
Republic in China.

San Francisco, Cal., Feb. 12.—Chinese precedents of a thousand years are shattered here to-day as the result of a demand by two Chinese "new women" that the yellow race rise up, overthrow the Manchu dynasty and proclaim a republic with women suffrage attachments. Mrs. J. Jung, a graduate of the Capon Normal school, and Miss H. Loo, a graduate of the University of California, sound the tocsin, addressing the Young China organization here.

FIVE KILLED AT KITSELAS

POWDER EXPLODES NEAR MOUTH OF TUNNEL

Two Other Men Sustain Ser-
ious Injuries in Accident
on the G. T. P.

(Special to the Times.)

Hazleton, Feb. 12.—Five men were dead and two others were severely injured at noon yesterday as the result of a premature explosion in a small tunnel on the Grand Trunk Pacific at Kitseles.

The men were working at the far end of the tunnel when a box of powder, left near the mouth, presumably to thaw out, became overheated and exploded.

The dead: M. F. Burgess, station man; Charles Quarnstrom, Eli Ogrzevich, John Obasavich and E. H. Kova.

Eight men working a short distance away miraculously escaped death.

PORTUGAL FACES ANOTHER CRISIS

NEW GOVERNMENT HAS NOT BROUGHT RELIEF

Danger of Establishment of
Military Dictatorship in
the Republic

(By Charles P. Stewart, European
manager of the United Press.)

Lisbon, Feb. 12.—(By mail to New York)—The greatest surprise the new Republican administration of Portugal has met with has been the delay by other republics, particularly the United States, in recognizing the new government.

"We were anxious for recognition," Foreign Minister Bernardino Machado said to me, "and we took it for granted that your nation was great enough and independent enough to grant it without waiting for the great monarchies to do so first."

"To what do I attribute the delay? Well, there is the matter of the Panama canal. America may feel that she will need Great Britain's support in connection with that enterprise. Perhaps the Washington administration is waiting to know what the British would like."

"President Taft's reference to the new republic as a 'de facto' government proves distasteful to Portugal."

"Why should the phrase 'de facto' be applied to the government of the republic of Portugal," Machado said, "any more than to the government of the republic of the United States? Both of them derive their powers in the same source—the will of the people."

In the organization of the permanent government of Portugal, Machado said that the framers of the constitution would probably be governed more by the French parliamentary model than by the American system, admitting that the other systems place too much power in one man's hand. Said he:

"What we propose to do is to give the people a thorough, a just government, an opportunity to prove their own condition. To this end there will be no attempt to lower the exorbitant tax rate in Portugal, but a serious effort will be made to give the people honest representation."

"The people are accepting the dictum in a way that can only lead to trouble. If the trouble fails to improve."

(Concluded on page 7.)

Liberal Rally!

Broad Street Hall
THURSDAY, FEB. 16
For the discussion of

Reciprocity

Dealing particularly with the ef-
fect of the proposed tariff agree-
ment on the industries of Brit-
ish Columbia.

SPEAKERS:

H. C. Brewster, Duncan Ross
and Other Prominent Liberals.

STORM ALONG PACIFIC COAST

SEAGOING VESSELS REMAIN IN SHELTER

Continued Rain and Snow Pre-
dicted With Little Change
in Temperature

(Times Leased Wire.)

Portland, Ore., Feb. 12.—The general storm warnings issued Sunday against any vessels going to sea are still in force to-day, and although the gale has subsided somewhat, a falling barometer indicates that the storm is not over, and may again resume the intensity that characterized it yesterday. A blustering wind, accompanied by furies of snow obtained to-day. The predictions are for continued rain and snow, but with little if any change in temperature.

Not a vessel left the mouth of the Columbia yesterday and last night, even the sturdy steamer Beaver, en route for San Francisco, remaining inside until the blow subsided. It was expected she would depart this forenoon.

At North Head, Wash., at the mouth of the Columbia, the wind reached 50 miles an hour, and was accompanied by a cold rain. The velocity of the gale varied in the northwest from 30 miles an hour at Blaine, Wash., near the Canadian line, to 26 miles in Portland.

In the straits of Juan De Fuca, the wind started yesterday noon at a velocity of 30 miles an hour, and before midnight had attained a speed of a mile a minute, this rate continuing until early to-day.

No great damage has been reported in the northwest, and all seagoing vessels are in shelter.

Eastern Oregon and Washington are in the throes of a snowstorm, accompanied by high winds, which apparently is the greatest at Baker, Ore., where it has reached almost the proportions of a blizzard.

SITUATION IN CHINA.

London, Feb. 12.—The foreign office to-day fears anti-foreign outbreaks, which may be a repetition of the boxer uprising, are imminent in China. Europeans are believed to be in danger.

WARD FOUR TO FORM ASSOCIATION

Liberals in That District Will
Meet To-morrow
Evening

To-morrow evening in Forester's hall,
Broad street, the Liberals of Ward 4
will meet to form a ward organization.

A constitution along the lines of those adopted by the other wards will be considered and adopted, and officers will be elected.

Several local speakers will address the meeting.

All Liberals living in this ward are asked to turn out to the meeting, and members of the three ward associations already organized are invited to be present to assist in the work.

REPORTED PLOT AGAINST RULERS

Suspected Anarchists Who
Planned to Throw Bombs
Taken Into Custody

(Times Leased Wire.)

Rome, Feb. 12.—Three alleged anarchists who planned to throw bombs at King Victor Emmanuel and King Peter of Serbia, when the latter visits Rome, are in jail at Trieste. The police received information regarding the plot and arrested the men while en route to Rome. A New Yorker named Danilo was one of the suspects.

DENOUNCES AUTHORITIES.

Woman Released After Serving Several
Days in Prison for Smuggling.

New York, Feb. 12.—First of American women to experience the government's new policy of jail for smugglers, Mrs. Robert A. Hill was released to-day from the Tombs, where she was sent by U. S. Judge Martin.

Mrs. Hill bitterly denounced the United States authorities for her incarceration. Other women, she said, were permitted to escape with fines when they smuggled in thousands of dollars' worth of jewelry and dresses, and she inveighed bitterly against the action which singled her out as the first victim of the new policy.

DECISIVE BATTLE SEEMS IMMINENT

REBEL FORCE AWAITS ADVANCE OF FEDERALS

Navarro's Troops Are Moving
Cautiously in Direction
of Juarez

(Times Leased Wire.)

El Paso, Texas, Feb. 12.—Hopeful, despite the eternal Mexican "manana" that the rebel force under Orozco will clash with Navarro's federals this afternoon or to-night, correspondents for a hundred American newspapers to-day are besieging Abram Gonzales, "provisional governor of Chihuahua," and the head of the revolutionary junta here, for passing through Orozco's lines, that they may witness the engagement.

Orozco's force, which has largely withdrawn from the vicinity of Juarez, is reported here to-day, is in the desert to the south awaiting Navarro, who is moving cautiously northward, repairing the bridges of the Mexican Central railway as he comes. Latest advices are that the two commands are approaching each other and a fight cannot be far away.

There is little doubt that when the two forces do meet the engagement will be the most decisive so far in the campaign. If Orozco wins, the downfall of Juarez is certain, while if Navarro is victorious, the revolution of Chihuahua is likely to become merely guerrilla warfare between scattered bands of rebels and the federals.

That the federal leaders are planning carefully before risking a battle is the belief of the administration. They say that while Navarro is holding the attention of the rebels, other government forces are gaining positions which will help the revolutionists in so that when the blow is struck all the rebels will be crushed at one stroke.

Report of Fighting.

El Paso, Feb. 12.—(Later)—Heavy firing south of Samalayuca was reported here to-day by workmen on the line of the Mexican National railroad, indicates that the expected battle between the forces of Orozco and Navarro had begun.

Orozco's pickets, who turned the workmen back 25 miles south of Juarez, told them that the rebels were engaging Navarro's force and the fate of Juarez was likely to be decided by nightfall.

That Navarro had been surprised is probable. Early to-day he sent a courier to Juarez to assure the citizens that his advance would be unopposed.

Troops Held in Readiness.

Washington, D. C., Feb. 12.—Anticipating a renewal of hostilities in the vicinity of Mexico, Major General Wood to-day ordered General Bliss to keep a troop of cavalry stationed at Calexico, Cal.

Rebel Leader Arrested.

El Paso, Texas, Feb. 12.—Captured while crossing the American line to rejoin his force of insurgents, General Manuel Casillas to-day is being detained here by the United States authorities. Casillas was carrying a rifle, which made him amenable to the neutrality laws.

Pending investigation by the United States authorities, Casillas is held in jail. His arrest has aroused a great deal of sympathy for the rebels.

Casillas, who is 56 years old, is regarded as one of the most intelligent of the insurgent leaders. Interviewed to-day Casillas told the United Press correspondent something of how he came to take up arms against Diaz.

Until two years ago, the rebel chieftain said, he practiced as a lawyer at Chihuahua and had no thought other than that he would be able to live comfortably in that position for the rest of his life. But because he ventured to protest that the heavy government taxation was weighing on the people, his citizenship rights were arbitrarily removed. This, he said, threw him into the ranks of the rebels.

FOUND DEAD IN BED.

(Special to the Times.)
Cuyuga, Ont., Feb. 12.—James Kirkland, of Mount Healy, a well known farmer in the township of Onondia, was found dead in bed this morning, the cause of death being heart failure. Deceased retired last night apparently in the best of health, being in Cuyuga yesterday.

CRIPPEN'S ESTATE.

Will Leaving Property to Ethel Clare Leneve Declared Invalid.

London, Feb. 12.—Mr. Justice Evans to-day awarded the estate of Dr. H. H. Crippen, hanged for the murder of his wife, Belle Elmore, to Mrs. Theresa Hunt, of Brooklyn, N. Y., a half-sister of Mrs. Crippen.

Crippen bequeathed his property to Ethel Clare Leneve. Justice Evans declared the will invalid to-day on the ground of public policy.

USE OF ALCOHOL.

St. Petersburg, Feb. 12.—There was a diversion in the proceedings of the Duma when J. Novitsky, the vice-minister of finance, delivered a lengthy address in which he defended the moderate use of alcohol. He said he based his argument on the results of investigations in America and elsewhere.

HOUSE FAVORS RECIPROCITY

TEST VOTE TAKEN AT WASHINGTON

Trade Agreement Will Receive
Immediate Consideration
by Representatives

(Times Leased Wire.)

Washington, D. C., Feb. 12.—Immediate consideration of the Canadian reciprocity treaty was moved in the house to-day by Representative McCall of Massachusetts. Representative Olcott of New York, objected on the grounds that the rules set aside the day for District of Columbia business. The adherents of the reciprocity programme began a fight to force its consideration.

A test vote showed that the majority favored reciprocity. McCall's motion that the house go into committee of the whole to consider the bill carried by 195 to 121.

Hill of Connecticut was the first speaker in favor of reciprocity, after the house went into committee of the whole. Every seat in the house was occupied when Hill took the floor and the uproar was deafening when he quoted statistics and Republican campaign pledges, in favor of a reduction in the tariff.

Gardner of Massachusetts, Norris of Nebraska and Humphrey of Washington heckled Hill during his reciprocity speech, attacking his arguments on the lumber and fish schedules.

President Taft Elated.

Washington, D. C., Feb. 12.—Elated with the reception his reciprocity agreement with Canada had been received in the middle west, President Taft arrived in Washington to-day. His special train came in at 3:45 a. m.

The president is attempting to ascertain the strength of Speaker Cannon's opposition to the reciprocity agreement. He believes the measure has a better chance now than it would have had if the opposition were given time to concentrate.

TWO MEN RUN DOWN BY TRAIN IN FOG

Sectionmen Killed While Re-
turning to Their Homes
on Hand Car

(Special to the Times.)

Regina, Sask., Feb. 12.—News reached the city last night of the death of two sectionmen on the C. N. R. at Glenavon, fifty miles east of Regina, on Saturday night. Two brothers, Joseph and Wm. Pikron, about 6 o'clock were returning to their home at Glenavon on a hand car after a day's work. Two miles from home, with their backs to the east, owing to a fierce storm blowing at the time, the hand car was run into by an extra C. N. R. train. Owing to a dense fog the train was going slow at the time, and the crew were not aware of the accident until the fireman on going out of the cab saw a man's legs across the front of the cow catcher. On stopping the train the two bodies were found side by side on the cow catcher. Jos. Pikron was alive when discovered, but died within a few minutes of being removed to Glen Avon. William was dead, the first impact in his case having apparently proved fatal. An inquest will be held to-day at Wolsely.

ONLY ONE SAVED.

Twenty-seven Men Drowned When In-
ternational Wrecking Co.'s Dredge
Founders.

Mobile, Ala., Feb. 12.—Twenty-seven members of the crew of the dredge owned by the International Wrecking Company were drowned when the vessel foundered in the gulf, going from Galveston to New York, according to the statements here Saturday night of T. J. Farrell, who claims to be the sole survivor.

NEGRO LYNCHED.

Eufaula, Ala., Feb. 12.—The authorities to-day are investigating the lynching of Iver Peterson, 15, a negro, who was hanged by masked men after he had been arrested on a charge of having attempted to attack Mrs. E. A. Hudson.

Winnipeg's Bonspiel Week.

Winnipeg, Feb. 12.—"Bonspiel week," with its winter carnival of sports, curling matches and other ice games, began here to-day. Visitors from all parts of western Canada and the northwestern states are in attendance.

DALLAS ROAD WALL KNOTTY PROBLEM

Recent Gales Said to Have Demonstrated That Present Plans Are Faulty

The effect of yesterday's severe gale upon the foremen along Dallas road on the section between Menzies and Montreal streets, where the sea wall is in course of construction, has given rise to grave misgivings as to the utility of the said wall as an efficient means of protection.

It appears that the plans under which the work is being executed were drawn on the assumption that the old wall, constructed some four years ago, would afford adequate protection to the base of the new structure, but inasmuch as the first work is now almost completely demolished there is now no guarantee that the new wall will serve the purpose for which it is being built.

It is highly probable that at an early date Ald. Langley, who is responsible for the Dallas road improvement scheme, will take the opportunity of calling the city council's attention to the need of having the plans for the wall revised before further work is done on the same. It is said to be the opinion of the engineers who are supervising the work on behalf of the provincial government, which is a party to the expenditure for the wall, that the base of the new wall should be at least four feet deeper than the present plans call for, so as to get a depth below low tide.

LOCAL NEWS

Parker Williams, M. P. P., was the speaker at the Socialist meeting in the Crystal theatre last night, taking as his subject, "Patriotism."

The first meeting of the newly-elected presidential board of the Local Council of Women is being held this afternoon.

The newly elected executive committee of the Canadian Club will hold a meeting this afternoon at 5 o'clock in Lindley Croase's office, to outline a programme for the current year, appoint sub-committees and transact other necessary business.

To-morrow afternoon at 2:30 o'clock the regular meeting of the Ladies' Guild of the Seamen's Institute will be held at the Alexandra Club. It is the request of the president that all members make an attempt to be present.

The hearing of the action brought by B. J. Perry to unseat Mayor Morley was postponed in the Supreme court this morning until Thursday morning at 11 o'clock. There will be a number of witnesses present this morning. The case will proceed on Thursday morning as an ordinary trial.

Commencing next Saturday evening Rev. Herbert Booth, the talented son of General Booth, will hold evangelistic services in St. Andrew's Presbyterian church. Mr. Booth for many years was an able assistant to his father, but for the last eight years has been engaged in his present work, in which he has been most successful.

A charge laid by the Oak Bay constable against three youths, of discharging firearms on the beach, was withdrawn in the Police court this morning. On being arrested one of the boys, who were sitting on the beach with a gun, remarked that they "couldn't then draw a revolver and make threats to the boys. The magistrate this morning commented adversely on the conduct of the constable.

The building trades branch of the A. F. of L. has issued a charter to the "Victoria British Columbia Building Trades Council," which has elected the following officers: President, Nat. Nicholson; vice-president, C. Sanders; secretary, W. Thacker; treasurer, F. Perrot; sergeant-at-arms, L. C. McKay; finance committee, J. Peters, H. J. Sheehan, George Lister.

The February County court opened this morning before Judge Barker, of Nanaimo, who will occupy the place of Judge Lampman until February 21, after which he will take his own court at Nanaimo. Dates for trials were set this morning and a number of judgment summonses dealt with. Several cases were set over till next month owing to the illness of Judge Lampman and the departure to Nanaimo of Judge Barker.

The Welsh Society will hold its next meeting on Thursday evening in the Sir William Wallace hall, Broad street. A number of lantern views of Welsh scenery will be shown, altogether about eighty views, and songs will be rendered descriptive of some of the views. A very interesting time is expected. All Welsh residents are invited to be present. After the programme the president, A. Petch, and Mrs. Petch will provide refreshments. As this will probably be the last meeting before St. David's Day it is hoped there will be a large turn out of members and friends.

PERSONAL

On Saturday evening, February 4, 1911, a very enjoyable evening was spent by many Nova Scotia friends at the home of Mr. and Mrs. Wm. S. Beckwith, 1005 1/2-gard street. The gathering was in honor of the twenty-fifth anniversary of their wedding. Mrs. Beckwith was Miss Ellen Geldert, of Windsor, N. S. The parties were very prettily decorated with cut blooms. A very dainty collation was prepared over by Mrs. Beckwith's eldest daughter, Miss Winnie. The evening was very pleasantly spent.

Mrs. Walter McKicking and Mrs. William Mitchell, Fairbairn, 128 Medina street, have issued invitations for an at home for Wednesday.

Mrs. I. M. Nodick, 1215 Cook street, will not receive on Wednesday next, nor again for some weeks.

Miss Shannon, London, England, has arrived in Victoria and is staying with her sister, Mrs. Rathnell Myers, Amphion street.

C. P. R. MAY BUILD NEW STEAMERS

(Special to the Times.)
Montreal, Feb. 13.—It is expected that at the meeting of the board of directors of the Canadian Pacific railway this afternoon the final details of the award of the contract for the construction of the big new Atlantic liners for the company's service will be decided upon. The amended plans for these new ships have been in Montreal for a week and have had the careful attention of the C. P. R. management.

The decision of the company as to the building of the huge 23-knot steamers is conditional on the extension of the contract now held by the company for the carriage of mails between Liverpool and Hongkong. A resolution authorizing the extension of the subsidy for this service for a term of ten years is now before the House in Ottawa, and if it is passed it is expected that the contract for the construction of the ships will be at once awarded.

SEATTLE INQUIRY

Evidence Regarding Vice Syndicate Will Be Submitted to Grand Jury

Seattle, Wash., Feb. 13.—Prosecuting Attorney John F. Murphy will to-morrow morning ask for the immediate drawing of a grand jury before which will be presented evidence that will uncover the vice system that has flourished in Seattle up to the installation of the new mayor, George W. Dillman, last Saturday.

The evidence has been secured by William J. Burns, the former United States secret service operative, who presented the investigation against Schmidt and Ruedi in San Francisco, and who secured the evidence in the famous Oregon land frauds.

Evidence that will result in the indictment of scores who paid tribute to the heads of the vice syndicate are expected to result.

Police Chief Henrick to-day issued sweeping orders for a general clean-up of the city.

RECIPROCITY DEBATE

Washington, D. C., Feb. 13.—In the House to-day Representative Hill of Connecticut, said in defending the president's reciprocity agreement:

"If the proposition were one to form a single market country extending from the Rio Grande to Hudson Bay not a single member of this House would oppose. Above and beyond all, we will favor anything making war impossible between two great nations with similar hopes and aims."

Gaines, of West Virginia, arraigned the agreement as unsuitable and injurious to American interests.

SUES FOR DAMAGES

(Special to the Times.)
Montreal, Feb. 13.—The Spanish River accident is having its echoes in the court house to-day by the case of A. Vinowater against the C. P. R. The plaintiff was a passenger on the ill-fated train, was fortunate enough to survive the accident after an ice-cold bath and many bruises. As damages to his health and to his business, which had to be delayed, while the plaintiff was recuperating, the sum of \$14,000 is claimed. The case is being tried before a jury.

DOUBLE MURDER

San Jose, Cal., Feb. 13.—W. W. McAdams to-day shot and killed his wife and Nick Curtich, a wealthy restaurant owner. McAdams told the police that he returned home unexpected and found Curtich with his wife. McAdams is in jail where a special guard has been placed over him to prevent lynching.

Friends of Curtich claim that the shooting was cold blooded and premeditated, and that McAdams deliberately laid a trap for Curtich and shot him down without warning. McAdams is a resident of Gilroy and wealthy.

FATALLY INJURED

(Special to the Times.)
Brandon, Man., Feb. 13.—James Mearns, 33, a Scotchman, who came here from Saskatchewan eight months ago and was employed in McDermid & Clark's cash and door factory, was fatally injured this morning when caught in a belt and whirled around a shaft.

SEARCH FOR MURDERER

Another Possie Takes Up Hunt for Indians Who Killed Four Shepherds

Englewood, Cal., Feb. 13.—Scores of friends gathered to-day for the funeral of Harry Cambon, J. R. Laxague, Peter Erralpe and B. Indiana, wealthy sheepmen who were shot down by Indians near Denio, Nevada.

Aided by bloodhounds, a posse headed by the Sheriff of Washoe county to-day took up the hunt for the Indians, who, after killing the unarmed shepherds, rode away on the animals of the ranchers, after shooting their own half-starved horses.

The sheriff believes that the dogs and several Indian trailers, who joined the posse here, will put him within gunshot of the quarry, despite a three weeks' start.

The authorities to-day declare their latest information points rather to cattle rustlers than Indians as the slayers of the four ranchmen. The officers declare that the men have not left the country and that they will be located.

Before the funeral of the four victims to-day, Coroner Lee Davis and County Physicians Morrison arrived from Reno and held an inquest. The verdict of the jury was open.

U. S. STEEL TRUST

Methods Will Be Investigated by Next House of Representatives

Washington, D. C., Feb. 13.—Denouncing the United States Steel Corporation as the most dangerous combination of capital in America, Congressman Stanley, of Kentucky, to-day said, the methods of the steel trust would be investigated by the next house.

"The next congress is definitely pledged to investigate the steel trust," he said. "The trust can absolutely dictate prices because it controls raw materials."

TO CURTAIL VETO POWER OF LORDS

Government Bill Will Be Introduced in Commons Next Monday

(Special to the Times.)

London, Feb. 13.—Premier Asquith announced in the House of Commons to-day that he would introduce the government's veto bill next Monday.

As evidence of the government's intention to force this measure through, John W. Mullan, Scottish Liberal whip, stated in a speech at Edinburgh this afternoon that he was busy just now compiling a list of men who would accept a peerage with the object of passing the veto bill in the upper chamber in the event of Conservative peers proving recalcitrant.

DIED

JOHNSTON—At Victoria, on the 11th February, Matthew Trotter Johnston, of Maple Glen, Sonoma, in his 70th year.

DONALDSON—On the 8th February, 1911, at the residence, East Sooke, after a short illness, James Douglas Donaldson, son of the late Alexander Dawson and Mrs. Donaldson, aged 32 years, and a native of Victoria, B. C.

The remains will be brought to the city for burial, and the funeral announcement will be made later.

ROBERTSON—At Brechin, Forfarshire, Scotland, on the 20th Jan., Daniel Robertson, aged 78 years, the beloved father of Mrs. James Wallace, Haultain street, this city.

APPROVES HOME RULE ALL ROUND

STATEMENT ISSUED

BY JOHN REDMOND

No Objection to Federalism
but Ireland Must Not
Be Kept Waiting

London, Feb. 12.—After much beat-
ing about the bush and a denial tele-
graphed from the United States that
he favored "Home Rule All Round,"
—an issue which figured prominently in
the British election just before the last
election, John Redmond, the leader of
the Irish Nationalist party, on whose
word will the Liberal government be at
present dependent, has come out with a
declaration setting the seal of his ap-
proval on the federal scheme. In a
statement to the press, he says: "Ireland's
demand is for full legislative and
executive control of all purely Irish
affairs, subject to the supreme
authority of the Imperial parliament.
The statute constituting the new Irish
parliament must settle the question
of what are purely Irish affairs. There-
fore that question rests in the hands of
the present Imperial parliament. The
retention of Irish members in the Im-
perial parliament, and what num-
ber of them should be retained, must
also of course be settled by the Im-
perial statute. When such an Irish
parliament as I have indicated has
been created, it will be there, a ready-
made portion of any federal system
that Great Britain may create in the
future."

Mr. Redmond replies fully to two
points in the recent controversy:

1. That the idea of federalism as a
solution of the Irish question is new;
and

2. That Parnellite Home Rule, as it
is called, is inconsistent with federalism
—in fact, its antithesis, and means,
in its motive and necessary effect, sepa-
ration.

In disproof of both these statements,
Mr. Redmond gives a rapid sketch of
the different phases which Home Rule
took on, and quotes O'Connell to show
that even when repeal of the union
was the Irish policy, he was asked to
consider federalism as an alternative,
and that though he ultimately chose
repeal of the union as the more prac-
tical policy of the two, he admitted
the merits of federalism. Mr. Red-
mond then goes on to deal with Isaac
Butt's definite abandonment of repeal
of the union and definite acceptance
of the federal scheme instead, and
passes to Parnell's clear and full
acceptance of the federal scheme,
quoting in support an interview with
Parnell, a speech on the Home Rule
bill of 1886 and his letter to Mr. Cecil
Rhodes when accepting Mr. Rhodes'
subscription of £250,000. The sum-
ming-up is that the federal idea dates
from 1832, and is quite consistent with
every demand put forward by Parnell
and his successors. Mr. Redmond
makes a proviso that Ireland should
not be asked to postpone her claim
until England, Scotland and Wales
were ready to enter into the arrange-
ment.

"For Ireland," he says, "it is a mat-
ter of life and death."
Subject to this contention, he de-
clares they have no objection what-
ever to what is called federalism.

STREET CAR WRECK.

Portland, Ore., Feb. 12.—Frederick
Boone was fatally injured, an un-
known woman was seriously bruised,
and several persons slightly hurt Sat-
urday when a heavily loaded Haw-
thorne Avenue electric car crashed
into a Southern Pacific engine at the
grade crossing at East First street and
Hawthorne avenue. Failure of the
brakes on the street car to work, it is
said, caused the accident.

The car, which was an outward
bound one, got out of control on the
incline between the railway crossing
and the Hawthorne bridge. It struck
a truck first and then an automobile,
and then the occupants of the vest-
ibule began to leap from the car. Boone
was the last of those in the vestibule
and jumped just before the car struck
the locomotive. He was caught be-
neath the street car and both his legs
ground off. He died at night. The in-
jured woman suffered contusions as
the result of the sudden halting of the
car. She was taken home before her
name could be obtained.

CARNEGIE SUPPORTS TRADE AGREEMENT

Steel King Predicts Great Re-
sults Will Follow Its
Adoption

Washington, D. C., Feb. 12.—Andrew
Carnegie is out for the Taft policy of
reciprocity with Canada. In a letter to
Senator Beveridge, the Iron master
says:

"There is no possibility of any injury
to American commerce through free
trade with Canada. With social con-
ditions identical in both countries, the
cost of transportation of any commod-
ity will give sufficient tariff. Economic
questions may safely be discarded. I
predict great results from a friendly

agreement with our fellow Americans
north of the border."

Roosevelt's Views.
Grand Rapids, Mich., Feb. 12.—In a
Lincoln day speech here on Saturday
Colonel Roosevelt said in part:

"I feel that we are to be congrat-
ulated as a nation upon the likelihood
of obtaining a closer relation with
Canada. Among all the powers of the
earth there is none with which we
should desire to be upon more intimate
footing of equal rights, to which we
should be more closely bound in rela-
tions of mutual helpfulness, esteem and
good will than in the case of our great
neighbor to the north, whose prosper-
ity and growth should be a matter of
pride to all who dwell on the American
continent. I welcome the proposed
reciprocity treaty as marking a signal
advance in bringing about the closest
and most friendly relations between the
two countries."

WASHINGTON CENSUS RETURNS.

Washington, D. C., Feb. 12.—The
census bureau announces the popula-
tion of the incorporated cities and
towns of the state of Washington, as
follows: Anacortes, 4,168; Chehalis,
4,697; Cle Elum, 2,749; Snohomish,
3,247; Roslyn, 2,154; Colfax, 2,783;
Port Townsend, 4,181; Puyallup, 4,544;
South Bend, 2,023. All named show a
heavy gain in population over the
1900 census.

HAYTIE REBEL LEADERS SHOT.

Cape Haytien, Feb. 12.—News has
reached here that Gen. Chapuiset, com-
mander of the rebels who captured
Cape Haytien, and General Michel,
second-in-command, were shot by
the Haytien government forces.

Notice to Advertisers

Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication. Copy for changes must be handed in to the business office not later than 5 p. m. the previous day.

Arrangements for the insertion of new advertisements must be made before 10 a. m. day of publication. Classified advertisements before 2 p. m.

The above rules are made for the benefit of readers of the Times, who insist upon the paper being delivered as early in the evening as possible.

EDUCATIONAL UNITY.

Dr. Peterson, principal and vice-chancellor of McGill University, in his evidence before the commission on technical education, expressed himself in favor of the unity and co-ordination of our Canadian educational system. This is a question which it is very difficult to handle on account of the fact that education is in the hands of the provinces, and each province has its own ideas on the matter. The appointment of a Technical Education Commission to inquire into the workings of technical education, and to make recommendations, is the first step, so far as we know, that any Dominion government has ever taken in regard to education. The results of the commission will be simply an aid to the provinces in working out a system, but at the same time it is an indication that the centralization of the educational system of the country might be possible. It is ridiculous to think that a man who is qualified to teach children in British Columbia is not qualified to do the same in Alberta. It is likewise ridiculous that a doctor or lawyer who can practice in British Columbia should not also practice if he wished in any

other province in Canada. If there were a standard set to which each province would adhere there could be no objection to reciprocity in education. At the present time there is a system of protection of one province against another. The fact that a man is a Canadian and holds certain qualifications for certain work should be sufficient. A civil engineer is a civil engineer in any province. A merchant or farmer may be a merchant or farmer in any province. A journalist or a skilled mechanic may move from place to place, and why not a member of what was once known as the learned professions. We are sometimes glad to get a clergyman from the East, and why not a doctor, lawyer or teacher? This provincialism is contrary to modern ideas. It tends to prevent building up a nation in which there is unity of purposes and freedom of movement and thought.

LORD CHARLES BERESEFORD.

The news that Admiral Lord Charles Beresford has retired from the navy, following closely upon the retirement of Admiral Fisher, is rather significant. Both are fairly old men, but nothing like as old as some fighting men have been. Both have given the best of their lives in the service of their country, and Lord Charles is still in Parliament, where he may yet act as a steady influence on the radical tendencies of that body. The retirement was what was to be expected, seeing that Lord Charles was hopelessly out of touch with the present government and with their aims and ideals. Not very long ago he wrote a series of articles for the London press in which the naval policy of the government was severely criticized. In those he tried to show that the Empire was in imminent danger from Germany and her fellow members of the Triple Alliance, and that in order to be prepared it was necessary to build a number more Dreadnaughts and fast cruisers, the one for the line of battle, and the other to protect the trade of the Empire in distant parts of the world. As a member of parliament he has opposed the policy of the present government, not only in naval affairs, but in matters of reform generally. As the policy of the Liberal government seems to be to try to come to some restrictive arrangement with Germany in order to avoid the burden of the constant increase in armament, it is not surprising that Beresford should have dropped out, for Germany seems to be the bete noir of every naval and military man in the kingdom. The opposition of the permanent staff to anything which would make for peace and goodwill between that country and Britain has been one of the most serious obstacles in the way of an entente cordiale. For this reason it is probably better for the nation as a whole that the resignation should take place. Everyone believes Lord Charles to be a splendid fighting man and to be sincere in his opinions. He is, however, one of the old school who sees no honor or glory beyond the naval or military service. He is one of the few prominent men who have seen active service, and for that reason his retirement will be looked upon by many as somewhat of a calamity.

If consuming were only an industry, the Conservatives would be willing to protect it. As it is the consumer gets the wrong end of the stick every time.

Ninety per cent. of the skilled laborers who have appeared before the commission on technical education have been Englishmen. Now we understand why the "No Englishman Need Apply"

advertisements were used a few years ago. It was so difficult to get any others that in cases where they were wanted they had to be specially advertised for.

Even the staid old London Times is arguing in favor of the protection of birds from depredations for millinery purposes. It is about time British Columbia was moving in this matter.

The London Chronicle says that protective tariffs make everybody poorer by making everything dearer. The British people now want complete free trade in food by abolishing the tariff on tea and cocoa.

The Quebec Legislative Assembly has decided to erect a worthy memorial to the late King Edward, the same to take the form of a statue of His Majesty to be placed in the national park on the Plains of Abraham. Hon. Mr. Taschereau, Minister of Public Works, recently gave notice of motion to ask leave to introduce a bill to provide for the whole cost of the work. Apparently the French-Canadians are determined to show their loyalty to the empire in a fitting manner.

Sir Wilfrid Laurier thinks the Canadian Senate might be improved. He said in the House of Commons that he was open to receive suggestions as to the manner of doing this. Now it is for the reformers to busy themselves. The greatest man in the land is ready to consider their suggestions. The constitution of a second chamber has not yet been satisfactorily worked out in any country of which we have heard.

Kaiser Wilhelm has by his own personal efforts been successful in raising considerably over two million dollars for the purpose of endowing the Kaiser Wilhelm Institutes of Research. While the object is a very laudable one, the method of raising the money reminds us very much of the methods employed by the early kings of England when they ran short of money. A personal appeal from a sovereign is in many quarters looked on as a command.

Frederic Villiers, war correspondent and lecturer, is still seeing war clouds. He must be looking towards Mexico or Central America. Why does he not get a commission to go to Diaz's Land to report the battles where the Government troops are frightened by the noise of the rebels and run away, instead of continually harping on Germany? There are people who dearly love to see some one fight, and they are always talking about the prospects. These people generally like to keep beyond the firing line themselves.

It has been suggested that the arrival of the motor car has done a good deal towards banishing bridge as a popular entertainment. One thing is certain, that cards are not as popular now as they were a year or two ago, and bridge in particular has fallen into disrepute. There are certain people, and we suppose there always will be, who cannot possibly spend a pleasant evening without the aid of a pack of cards, but their number is diminishing. Education tends towards the discarding of such mechanical means of enjoyment.

The financial agent is a person who has to be selected with care, for on his honesty and ability depends to a very large extent the safety of the funds committed to him or the investments which are made through him. Many people who wish to invest or do any kind of business in a neighboring city have to depend upon the advice of a broker of integrity. Take the city of Vancouver as an instance. There conditions are changing very rapidly and anyone not a resident, and even if a resident not keeping in touch with business affairs finds it impossible to place investments to advantage. The old firm of Dow, Fraser & Co. make a specialty of this kind of work and can be relied upon to give conscientious service. They do a large business in this line.

The Saturday Sunset sums up the Jardine fiasco in the following words: "In the vernacular of the street, John Jardine, M. L. A., and renegade to his party and leaders, 'got his' when John Oliver told Jardine's constituents at Esquimalt why Jardine quit the party and why he assaulted the Minister of Mines. Mr. Oliver did not mince words. With the direct simplicity of a big, honest man he made a clean-cut statement of why Jardine quit the Liberal party. John Oliver said Jardine turned renegade because the Minister of Mines stopped Jardine's grafting. John Oliver says Jardine was grafting and he made that statement with the full responsibility of his position as president of the British Columbia Liberal Association and a man of property. He further accused Jardine of padding his election expense account to the tune of hundreds of dollars. So it would appear that John Jardine is merely a disgruntled grafter who turned traitor to his leaders because they would not permit him to exploit his party and the government for his own benefit. The Conservatives are not very much elated over their new acquisition. As I mentioned last week no party nor anyone else has any use for a traitor and Jardine is that. Besides being a self-confessed, in fact bragging, traitor, he is now shown by his former leader to be a foiled grafter.

ALL ALONG THE LINE.

If this reciprocity agreement with the United States goes through, it will mean:

That Prince Edward Island and New Brunswick will export more potatoes and not so many men;

That Nova Scotians who now man the Gloucester fishing fleet will get back to boats of their own working out of Nova Scotia ports;

That Quebec will get top notch prices for her farm and dairy products, and will, before many years, be the seat of the greatest pulp and paper industry in the world;

That Ontario will improve upon all previous records in rearing fine cattle.

That the Canadian West will gain population at least twice as rapidly as in the past fifteen years;

That British Columbia will begin to make profitable use of her splendid timber resources;

That since American grain can be stored in Canada without risk of being caught with duties, the St. Lawrence route will inevitably assert its superiority as to the best and cheapest trade route to Europe.

It is a good deal, isn't it?

—Montreal Herald.

B. C. A. A. U. MEETING.

To-night's meeting of the B. C. A. A. U. should be the most interesting in its history. The union faces a perplexing situation. All the soccer clubs, or practically all, have defied its ruling. It must either declare almost the whole of athletic Victoria suspended from amateur standing and ineligible for any pending amateur events or go out of business. The meeting will be held in the Y. M. C. A. at 8 o'clock.

PRINCE OF WALES ILL.

London, Feb. 12.—It is officially admitted here to-day that the Prince of Wales, the brother of Prince Albert, is suffering from German measles at the naval training college at Dartmouth.

Why Drink Elk Lake?

Of course, "White Rock" is more expensive in the first place to drink, but it is economy to spend money when your health is at stake. Wise folks.

DO NOT RUN RISKS

They insist that the people of their household shall drink water that is absolutely pure. They realize that "White Rock" the absolutely pure lithia water pays a premium on their health. Many so-called mineral waters are no purer than Elk lake, because bottling does not insure purity. "White Rock" is certified by leading analysts as "absolutely pure." While it is a little higher in price than inferior table waters it is well worth the difference. Sold by all licensed grocers. Pither and Leiser, wholesale agents.

—A grand masquerade ball will be held in the Royal Oak hall on Thursday, February 16th. A large number of prizes offered for the best costumes.

—Colonel Wadmore, D. O. C., of Military District No. 11, is giving notice to storekeepers and others that soldier's goods sold to men of the permanent corps are at the vendor's risk.

—The sanitary inspector has been instructed to make a thorough inspection of all restaurant kitchens in the city, and any not found in a sanitary condition will be the subject of a report and possible action against proprietors.

—The temperance people of Victoria have been informed that the annual Local Option convention for B. C. takes place in Pender hall, Vancouver, on Thursday, February 16th, continuing February 17. A large contingent is expected from the Capital city.

—During the past two weeks O. H. Bowman & Company, Makon building, report the sale of eleven lots on Fairfield estate, and ten acres at Colwood, a piece of improved property on Pandora avenue, one acre and four lots near Jubilee hospital, and some acreage at Esquimalt.

—H. J. Pollard, music master of the public schools, will give an illustrated lecture on Westminster Abbey in First Presbyterian church school room this evening at 8 o'clock. Admission free. The lecture will be under the auspices of the Young People's Guild of the church.

—The nineteenth anniversary of Western Star Lodge, No. 7, A. O. U. W. of B. C., will be celebrated by a banquet in Semple's hall, Victoria West, this evening, and all members of the order will be welcomed. The regular meeting of the lodge will be held at 8 o'clock sharp for the disposition of necessary important business, after which the banquet will be held.

—A modern "cloud of witnesses" in proof that "God did not cast off His people," now found in the British race, is the theme for to-morrow at the Victoria branch of the Imperial British Israel Association, in No. 1 hall A. O. U. W. building. The most worthy grand patron of the Grand Chapter of the Eastern Star will be in Victoria about the first week in March to install the officers and organize the local lodge. "Queen City Chapter, No. 1, Order of Eastern Star." Notice of exact date and place of meeting will be published through the columns of the Times in a few days.

—The Young Women's Sunshine club of Sidney is preparing a supper and concert to be given in Berquist's hall, Sidney, to-morrow evening, St. Valentine's day. The young ladies have been working diligently to make it a grand success, and they trust that the public will show their appreciation by giving them a full house, and they assure them they will not be disappointed. Supper will be served from five to seven-thirty and the concert begins at eight. During the intermission "ice cream" will be served, after which the interesting feature of the evening will be presented in the form of a play.

Liberals OF Ward 4

Hold

ORGANIZATION MEETING

At
Forester's Hall, 1415 Broad Street.

Tuesday Evg, Feb. 14

At 8 o'clock.

Come and be a charter member of

THE BIG FOUR

REMEMBER

Ward Two Smoker, Forester's Hall, Feb. 9.

Ward Five Organization, Forester's Hall, Feb. 23.

J. C. McINTOSH,
Convener.

—Valentines at Victoria Sporting Goods Store.

—Instead of the lantern lecture on North Wales this evening, the Baptist Young People's union of Emmanuel Baptist church will hold a social to which all are heartily welcomed.

—The Young People's society of St. Andrew's Presbyterian church will hold its regular meeting this evening. The meeting will take the form of a Valentine social and an excellent programme has been prepared, to which all are very cordially invited.

—Recently the city called for tenders for the year's supply of brick, and two tenders were received—from Baker Bros. and the Victoria Brick and Tile company, both for \$12.75 per thousand. Last year's price was \$12. Each concern will be given half the order.

—Masks at Victoria Sporting Goods Store.

—The city council has agreed to the request of owners on Craigflower road, between Skinner street and the city limits, that that thoroughfare be declared a trunk road and improved on the basis of one-third of the costs being borne by the city.

—Messrs. Thompson, Davey and Behnen, representing the city of Victoria in the legislature, have agreed to the wishes of the city council and will meet the latter body at a conference to be held some evening during the present week on the matter of the subdivision of the Songhees Indian reserve.

—The St. Andrew's and Caledonian pipe band will give a concert and dance on Thursday evening, Feb. 23, in the A. O. U. W. hall. Some of the best local talent will assist at the entertainment, the programme for which will be published later. Following the concert refreshments will be served and afterwards dancing indulged in.

—Valentines at Victoria Sporting Goods Store.

—A joint meeting and social was held Friday night in the K. of P. hall, by Far West lodge, No. 1, and Victoria No. 17, at which Grand Chancellor Thompson was present and addressed the gathering at some length. After the usual routine of business the lodge was thrown into free-and-easy and the balance of the evening was sociably spent. Light refreshments were served and a good time spent.

—Wm. W. Northcott, purchasing agent for the corporation, is calling for tenders, which will be received up to 4 p. m. on Friday, February 24, for the erection and completion of two fire halls—one at the corner of Fairfield road and Cornwall streets, the other at the junction of Fernwood and Cedar hills roads. The plans and specifications may be seen at Mr. Northcott's office.

READY TO ENFORCE VACCINATION ORDER

City Medical Health Officer Will
Treat Applicants During
the Afternoons

Dr. G. A. B. Hall, medical health officer of the city, informed the Times this morning that, pursuant to an order recently issued by the provincial board of health, he will be at his office each afternoon between the hours of 3 and 5 o'clock for the purpose of attending to all persons requiring to be vaccinated.

In this connection it may be mentioned that at Vancouver on Friday evening last, at a largely attended public meeting, the following resolution was passed:

"Resolved, that this meeting heartily condemns the order in council providing for compulsory vaccination, and demands the immediate repeal of the same."

It may be added that Dr. Hall stated this morning that Victoria was practically free of the recent outbreak of a malignant infectious disease which had for a time occasioned some alarm, though in adjacent territory on the mainland the situation was, unfortunately, not so satisfactory.

OBITUARY RECORD

The funeral of the late James Cunningham, who died on Friday at the Jubilee hospital, took place this morning from the Victoria Undertaking parlors, where Rev. Gilbert Cook officiated. Friends from the W. C. T. U. acted as pallbearers. Interment was made in the Ross Bay cemetery.

The remains of Sherman Higgins, who was crushed to death at Jordan river last Tuesday, will be shipped to Rice, Washington, to-morrow for burial.

The funeral of Martin James Dodd took place yesterday afternoon from the family residence, 209 Henry street, Victoria West. Rev. Donald McRae officiated at both the house and the graveside. The hymns "Rock of Ages" and "Jesus, Lover of My Soul" were sung. There was a large attendance of friends and many beautiful floral tributes presented. The Ancient Order of Foresters, Court Vancouver, attended in a body, and the A. O. F. service at the graveside was conducted by Bro. Andrew Strachan, past chief ranger. The pallbearers were: A. Strachan, F. Carne, Jos. Maynard, J. Wilson, A. Holmes, E. E. Johnson, G. E. Smith and F. W. Harper.

The remains of the late William T. Collinson were sent this morning by the Victoria Undertaking Co. to Mayne Island for burial.

—Valentines at Victoria Sporting Goods Store.

—A most enjoyable entertainment in the form of a social dance was given by the ladies of court Maple Leaf, A. O. F. in Forester's hall, Friday night. There was a large turnout of members of the order and an excellent service of coffee and cake was provided. The proceedings terminated at midnight.

—Tickets are now on sale for the Eagles' ball, which is to be held on Wednesday night, and can be obtained from Victoria Sporting Goods store, Leroy's clear store, B. C. Hardware, Krause's drug store, and Fitzpatrick & O'Connell's.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria meteorological department.

Victoria, Feb. 12—5 a. m.—A storm of great intensity centred yesterday over British Columbia, causing a fresh southerly gale on the Straits and outside waters, the barometer falling at Triunvirate Island to 29.4 inches and at Tatoosh to 29.2. Heavy falls of rain and snow occurred throughout the North Pacific states. In the prairie provinces the pressure is low and the weather fair and cold.

For 24 hours ending 5 p. m. Tuesday. Victoria and vicinity—Moderate to fresh southerly winds, unsettled and cold, with sleet or rain.

Lower Mainland—Easterly and southerly winds, unsettled, with sleet or rain.

Report at 5 a. m.

Victoria—Barometer, 29.22; temperature, 40; minimum, 30; wind, 24 miles S. E.; rain, .40; weather, cloudy.

Vancouver—Barometer, 29.30; temperature, 38; minimum, 28; wind, 14 miles E.; rain, .24; weather, rain, 23.72; temperature, 26; minimum, 12; wind, 4 miles W.; weather, snow.

Kamloops—Barometer, 29.34; temperature, 22; minimum, 28; wind, 6 miles E.; weather, cloudy.

Barkerville—Barometer, 29.34; temperature, 12; minimum, 10; wind, calm; weather, cloudy.

ARE YOU FOND OF OLIVES?

Physicians say the eating of Olives daily will keep one in perfect health. Children, then, should surely be taught to acquire the taste for them. If you want Olives in large quantities, we can make you a better price even than the ones quoted below. We suggest that you send us your own jar, then we can give you some of the liquid which keeps the Olives so much nicer. We have a large stock and we import it direct as we do our Macaroni, Spaghetti, etc. Try some of our delicious Italian Macaroni or Spaghetti with a little real Parmesan Cheese, and you have a lunch fit for the gods.

PARMESAN CHEESE, the genuine kind, imported direct, per lb. 60c
ITALIAN MACARONI, packet 15c
ITALIAN SPAGHETTI, packet 15c
ITALIAN NOODLES, packet 15c
ITALIAN STAR PASTE, lb. 15c
ITALIAN VERMICELLI, packet 15c
ITALIAN TAGLIARELLINI, lb. 15c
ITALIAN EGG NOODLES, packet 25c
These are the very finest lines manufactured, imported direct from Italy and absolutely pure and good.

SPANISH QUEEN OLIVES, extra large; much larger and more luscious than those usually sold. Per pint. 40c
CALIFORNIA RIPE OLIVES, per pint. 35c
LARGE DILL PICKLES, dozen. 30c
HEINZ SWEET MIXED PICKLES, pint. 25c
HEINZ SOUR MIXED PICKLES, pint. 20c
ITALIAN EELS, imported direct. These are preserved in wine vinegar and very delicious. Tin. \$1.00
PATE DE FOIS GRAS, tin, 65c or 35c
RUSSIAN CAVIAR, tin, 75c or 50c
GREEN TURTLE MEAT, tin 75c
EIDELWEISS CAMEMBERT CHEESE, tin. 50c

This is the season when Mince Pies are particularly popular. It's a good deal of bother to make your own Mince meat, or indeed your own pastry. Why bother when you can get the most delicious Mince or Fruit Pies here, all ready to eat, at a remarkably low price. Bakes of all kinds to tempt the epicurean palate.

NEWS OF SPORT

LOCAL RUGBY BOYS ARE B. C. CHAMPIONS

In Interesting Game at Terminal City Victoria Won
McKechnie Cup

In a game interesting not so much because of good team play as of brilliant flashes of individual work, Victoria won from Vancouver on Saturday by a score of 5 points to 3. That it did so comes as a great surprise to Victorians, who fully expected a defeat. One of the officials said on Friday "The team is rather poor and will probably lose."

That either Victoria Rugby players must be in a class all by themselves, or Vancouver must have an exceptionally poor team, is the only conclusion that can be come to. When the fact is considered that Victoria sent over a fifteen largely made up of substitutes, and one which had played very little together, there is no getting away from the fact that if the Terminal City has any real Rugby players at all the local Rugbyists, considered as a whole, must be above the average.

One of the Vancouver papers admits that Victoria deserved to win. It would be hard to predict what would have occurred if the Capital City had turned out its best fifteen. As it was, its team was far in advance of Vancouver, the latter shining in only a few individual instances.

In the first half Vancouver did most of the pressing and seemed to have slightly the better of the play. In this period the Terminal City boys scored their only points. Ross getting across the line with a well earned try. The kick for goal failed.

After the half time intermission, however, matters took a sudden change. Victoria, which before had been on the defensive, now did all the forcing, and every man moved with a de-

termination which was exhilarating to witness. Rich, who was playing his first senior game, and, by the way, playing it remarkably well, eventually got the ball and forced himself over the line. The kick was at a difficult angle, but McGuigan, with a magnificent punt, sent the ball between the uprights, thus putting Victoria two in the lead. From then on until the end Vancouver was hard pressed, but no further score resulted.

For Victoria, McGuigan played a great game as full back, and kicked into touch splendidly. Vincent and Nason were the stars on the three-quarter line, both developing flashes of speed at times which fairly dazzled their opponents. Newcombe showed up in his usual form at half, and was ably assisted by Rich. Of the forwards, Sweeney, Hogwood, Miller and Spencer were the outstanding players.

In Ross, Vancouver has a speedy and hard working three-quarter, but one who might do better if he did a little more passing. At half back Watkins played exceptionally well, and Deskins, Holyrood and Fitzpatrick were the pick of the forwards.

Victoria lined up as follows: Full back, McGuigan; three-quarters, Vincent, K. Gillespie, Carrs, Nason; half backs, Newcombe and Rich; forwards, Spencer, Sweeney, Scott, Hogwood, Miller, A. Milligan, Day and C. Brown. Although both Al and Heb. Gillespie have very probably left the game, for good, there is no fear of Victoria suffering from lack of Rugby material in the next few seasons, with such youngsters as Rich, Brown and Ken. Gillespie already springing into prominence.

KNOCK OUT BLOW FATAL

Chattanooga, Tenn., Feb. 13.—Geo. B. Denise, Jr., the Brooklyn prizefighter, died Saturday. He had been unconscious a few minutes after he was counted out in his fight with Jake Abel of this city last Tuesday night. A coroner's jury exonerated Abel.

OXFORD WINS

London, Feb. 13.—Oxford defeated Cambridge by the score of 3 to 2 in the annual Association football game Saturday, played at the Queen's club.

HIGH SCHOOL TEAM WON HOCKEY GAME

Girls Uphold Victoria's Honor
Against Vancouver by the
Score of Three to One

The Victoria High school 'hockey' girls had no difficulty in defeating the Vancouver girls at Brockton Point on Saturday. With the exception of the first few minutes the local girls had the game well in hand and were at no time very hard pressed.

Five minutes after the blow of the whistle the Terminal City forwards carried the ball into Victoria's territory and with a neatly played shot Miss Gladys Cocking beat the Capital City custodian, Miss Carter. After this Victoria settled down to hard work and with their splendid combination had Vancouver guessing all the time. As half time drew near Miss Jackson, who was playing a brilliant game, scored Victoria's first goal.

The second half was all in favor of Victoria and in spite of the home team's good defence Miss Jackson managed to find the net with two well directed shots. The game ended with the yellow and black two in the lead.

The Misses Maine Censford, Nason and Taylor were the outstanding players for Victoria, and for Vancouver the Misses Paterson and Cocking were the stars.

THE ROD

Week-end Notes and Incidents of the Arm.

An old Slivash, with one eye, a dejected look and a note of interrogation in his face, may be seen almost every week-end plying his calling in the waters of the Arm. The old chap has not a good command of English and has some difficulty in making himself understood. But he does make the fact clear that he is in search of some one and will not be content until he has found the object, or objects, of his quest. Upon almost every occasion the curious or inquisitive fisherman will note that carefully stowed away in the well of the Slivash's canoe are at least two magnificent "springs" and a liberal stock of grime. When the governor encounters the lone fisherman with the solitary eye (particularly when in company) he has been observed to look quite self-conscious. He even becomes embarrassed when the cyclic slyly remarks that "the market is depressed now that the captain has taken up another hobby and the competition for big baskets has ceased."

The one eyed man was not doing business this week-end. Neither was anyone else. The weather was too holstorous, and the governor's guests were compelled to return home bearing no richer reward than a sense of their host's unbounded hospitality.

LEADERS ARE ONCE MORE VICTORIOUS

In Hardest Game of Series
Ladysmith Defeats Forest-
ers, One to Nothing

In one of the most exciting games played this year in the Island series Ladysmith defeated the Foresters on Saturday by one goal to nothing.

During the first half the Foresters were the aggressors, but the splendid work of Ladysmith's defence kept them from doing any damage. Towards the end of the session, Adam, after some very pretty combination, drove the ball past Costello, the Foresters' custodian.

The second half was a repetition of the first, play travelling from one end of the field to the other, with practically no advantage to either side.

Lorimer played the best game on the field and was ably assisted by Newlands, Brynjolfson, one of the Foresters' half backs played well and several times prevented the opposing forwards from working their effective combination.

For Ladysmith, Adam, Brass, Upton, Hines and Dunsmuir were the stars. Both goalkeepers, Costello for the Foresters, and Duggan for Ladysmith, played faultless games.

VICTORIA STUDENTS RECEIVE BEATING

A Perfect Drop Kick Wins Game
for Vancouver, Four to
Nothing

With a splendid drop kick Livingston, outside three-quarter for Vancouver, scored the four points which won the game between the Victoria and Vancouver High schools in the Terminal City on Saturday.

During the first half play was about even and neither side scored, but from the beginning of the second period Vancouver began to look dangerous and slowly forced the Victoria boys down the field. Unable to work any combination, one of the lads in yellow and black kicked from the 25-yard line straight into Livingston's hands. The Vancouver boy, with as pretty a kick as could be wished for, dropped the ball over the bar. From now on Victoria worked hard, and at one time came very near scoring. Securing from a scrum Alan Clarke dribbled towards the Vancouver goal. Pressed by the opposing full back Underhill he passed to Dickson, who fumbled and knocked the ball on in front of him. Securing it again he ran across the line and touched down between the bars.

The umpire called a scrum, however, where the speedy three-quarter had knocked the ball on and run counted for nothing. For the rest of the game Victoria was outplayed, and the whistle blew with Vancouver pressing hard on their line.

In one of the scrums McCallum, one of Victoria's best forwards, was laid out.

For Victoria, Dickson, three-quarter, and Ed. Steele, full back, were the stars, and on the Vancouver line-up all the backs played splendidly.

ENGLISH SOCCER RESULTS.

London, Feb. 13.—Results of league games played on Saturday follow:

First Division.
Bury, 0; Everton, 0.
Notts County, 2; Newcastle United, 2.
Woolwich Arsenal, 0; Bradford City, 0.
Aston Villa, 3; Notts Forest, 1.
Sheffield United, 2; Manchester City, 2.

SPORT NOTES

These are dog days in Gotham. The annual bench show of the Westminster Kennel Club opened to-day in Madison Square Garden, New York, and for four days the how-woos will be the attraction.

The winner of to-night's match between George Hackenschmidt and "Kid" Cutler in Chicago will probably be given a chance at Champion Gotch. Beel and Americus will meet in the preliminaries.

"Cyclone" Johnny Thompson, the American fighter, was given a decision over Billy Burke, the former middle-weight champion of the world, in a 26-round bout in Sidney, N. S. W., on Saturday.

In spite of the wonderful showing "Knockout" Brown made against Wolgast in Philadelphia, friends of "One-Round" Hogan are confident that the New York boy will lose his laurels when he meets Hogan in the east on Washington's birthday. If Hogan wins he will be well on the road to a match with Wolgast.

A big row is on in New York among the Highlander fans over the announcement of Hal Chase of his intention to displace of Austin and Laporte to the St. Louis Browns, and the regulars are bitterly complaining that the strength of the team is to be sacrificed. Chase's action is said to be the result of his determination to eliminate from the team all players who took the part of George Stallings in the recent battle for the managership.

BREAKS UP IN ROW.

Wards Refuse to Finish Game With Columbia College.

The basketball match between the North Ward and the Columbia College in New Westminster on Saturday night was rather a fiasco. All through the game, Russ Hunter's boys claim, the umpire gave them the worst of the deal. They naturally got a little sore, and when, to cap the climax, Frank Sweeney was sent to the floor for alleged rough work an outbreak occurred. Not having a substitute with them, and being unwilling to play with four men, the North Wards left the hall in a body.

Westminster was ahead at the time of the row, up. The boys expect to patch up their differences, however, and bring the Royal City team over here inside of two or three weeks.

CHAMPIONS RECEIVE JOLT.

A very exciting game of hockey was played on Saturday between the girls from the George Jay school and a team from the St. Ann's Academy, which ended in a draw, each side scoring one goal.

The George Jay girls' pride has been sadly jolted in the last few days. First they went up against a senior school team and were easily defeated, and now they have been tied by a team of girls no older than themselves.

From first to last it was anybody's game. Miss Sehl scored the goal for St. Ann's, while Miss Currie found the net for the George Jay school. For the former the Misses Sehl, Sweeney, Ramlose and McDonald were shining lights, while for the latter Misses Florence, Curry and Simmons deserve special mention.

"COLD AIR" COURSE.

Chicago, Feb. 13.—A "cold air" course, based upon ideas advocated by Emil Seidel, Socialist mayor of Milwaukee, is the latest innovation in Chicago schools.

Class rooms are to be maintained at different temperatures and the pupils will be advanced from one room to another until they are able to stand a temperature of 50 degrees without discomfort. The "cold air" course is designed for children having a tendency to tuberculosis.

"LADIES WEAR" STORE

Fashion Hints Of Styles We are Showing

Fresh instalments of new Spring Suits are arriving daily, and there are some great surprises. Somebody has been very busy in bringing about such decided changes in the modes.

Coats are extremely short—rarely over 22 inches, some assume a jaunty bolero effect. The sailor collar is a detail in evidence on many coats as well as smart gowns.

This season's skirts are distinguished for the broad, straight widths down the back and mannish cuts, altho' many are wider, with braids and buttons as trimming.

Serges, mannish mixtures, checks and striped worsteds are the popular materials in tailor-mades, while satin is the sensation of the hour, which we are showing, both in dressy suits and separate coats.

We will soon have in coats and skirts of contrasting colors and materials, which are so attractive—we predict for them a popular season.

Our line of separate coats in serges, tweeds, mohair, pongee, rajah, Bedford cord silk, satin and linen, will surely surprise our customers as a wider range of styles and materials were never on display in a house in Victoria.

All that is latest and best, both in quality and style, will be found in our Ladies' Wear.

We cordially invite your early inspection of our First Shipments, which are now on display.

NEW SPRING SUITS, up from.....\$20.00
NEW SPRING SKIRTS, up from.....\$7.00
NEW SPRING SEPARATE COATS, up from.....\$18.00

As quickly as the contractors can make room for us in our Millinery Show Room, on the second floor, we will open our new department, showing early Spring styles in the Phipps, Gage & Knox Ready-to-Wear Hats.

STOCK BREEDERS.

The first meeting of the year of the directors of the B. C. Stockbreeders' Association was held here Saturday. Those present were: A. B. Paterson, president; Samuel Smith, vice-president; H. Webb of Chilliwack, Alex. Davis of Ladner, J. B. Tiffin of Vancouver, G. H. Hadwen of Duncan, J. S. Shopland of Saanich, Deputy Minister Scott, Secretary-Treasurer M. A. Jull, and Dr. S. F. Toimie, honorary vice-president. The following were appointed to act as executive committee for the year: The Minister and Deputy Minister of Agriculture, the president, vice-president and secretary-treasurer, and G. H. Hadwen and Alex. Davis.

It was decided that special prizes

will be offered for classes in heavy horses and sheep at the Victoria, Vancouver and New Westminster fairs, and at three other fairs to be hereafter selected.

Stock judging competitions for students will be held at the New Westminster, Vancouver and Victoria fairs. The competitions will be divided into two classes, the first being for those under 21 years of age, and the second for those over 21 years.

Alexander Paterson, president of the association, who has just returned from a trip to the East, where he assisted in the selection and shipping of a car of live stock for members of the association, gave an account of the conditions of the live stock industry in Ontario, and said that on the average

the class of stock in British Columbia is quite as good as in Ontario.

A resolution will be submitted to the Dominion Livestock Commissioner, suggesting that the fee for registering sheep and swine in the Dominion Livestock records be twenty-five cents.

El Paso, Texas, Feb. 13.—Aviator C. K. Hamilton, who flew over Juras at an altitude of 1,000 feet, discussing his feat said: "I travelled at about 50 miles an hour, and I do not believe the rifleman ever lived who could hit me. It takes a crack shot to hit a low flying bird. I flew higher than any of them do, and if I had been over enemies I would have flown twice as high and been twice as hard to hit."

CITY LEAGUE CHAMPS RECEIVE AWFUL JOLT

Defeated in Both Games With
Coal Miners—Scores
Small in Each

Victoria West's hope of winning the Island league championship has certainly received an awful damper in the last two days. Defeated in its first two games, by Nanaimo on Saturday and by Ladysmith on Sunday, and with Ladysmith's record of wins as yet unbroken, the city champions have a hard row to hoe to gain the premier place in the Island series.

On Saturday they were up against considerable hard luck, being minus two or three of their regular players. Joe Bayley, the speedy little half-back, missed the train and his absence was keenly felt on the line-up.

Both Nanaimo's goals were registered in the first half by Lightfoot, one from a beautiful corner drive by Adams, which placed the ball right in the goal mouth. Nanaimo had the best of the play all through this half.

During the second period Victoria with the wind in its favor, made a better showing and kept the coal miners on the defensive most of the time. After twenty minutes' play a determined attack was made on Nanaimo's citadel and with a very pretty kick Muir scored Victoria's only goal. From that until the end Nanaimo kept up a stubborn defence and the game ended with the score of two to one in their favor.

F. Gilmore, Nanaimo, made a satisfactory referee. In the game with Ladysmith on Sunday the weather conditions were such as to prevent either team putting up a good exhibition of football. The heavy rain, combined with a strong wind, made it impossible to kick accurately and it was just a case of which team was the luckiest.

All through the initial period nothing was done by either side, the ball travelling up and down the field with monotonous regularity. If anything, the play was slightly in favor of the Wests. In the second half, about twenty minutes after the blow of the whistle, the goal was scored which gave the game to Ladysmith. One of their halves sent a long drive into McKittick, who fumbled, not being able to hold the slippery pigskin, and McGuire kicked it into the net.

The Wests lined up as follows: Goal, Roy McKittick; full-backs, White and Prevost; half-backs, Bayley, Petticrew and Thackeray; forwards, Youson, T. Peden, J. Peden, Muir and Wright.

If Ladysmith is beaten by one of the other teams and Victoria West gets the best of the next game the latter will still have a chance to win the Island league championship.

ANOTHER BALL PLAYER.

Mavin Lake, who played last season with the Gresham Giants, will be given a tryout by the Victoria team this year in the Northwest league.

Lake signed his contract and has forwarded it to Victoria. He is the third member of the Gresham Giants to be taken into baseball this year. Tauscher, who will go to Spokane, and Coleman, who will go to the San Francisco club, are the others.

When the Odds Are Against You

You Can Depend on Dr. Chase's
Syrup of Linseed and Turpentine to Help You, If
You Get the Genuine.

What a fight goes on during the winter season against coughs and colds. The children are careless about keeping dry and warm, and the parents are worried to hear them cough.

The best insurance against serious results is the use of Dr. Chase's Syrup of Linseed and Turpentine.

So well-known is this medicine and so universally used that we need scarcely tell you of its merits. But we do want to warn you against imitations and substitutes.

Once you know that there are at least four imitations of Dr. Chase's Syrup of Linseed and Turpentine on the market, you are not likely to let any dealer talk you into accepting anything but the genuine, on each bottle of which are the portrait and signature of A. W. Chase, M. D., the famous Receipt Book author.

With the genuine Dr. Chase's Syrup of Linseed and Turpentine you can readily overcome croup, bronchitis, whooping cough, throat irritation, and the most serious coughs and colds; 25 cents a bottle; family size, 60 cents; all dealers, or Edmansson, Bates & Co., Toronto.

RETAIL GROCERS.

At the annual meeting of the Victoria Retail Grocers' Exchange E. J. Wall was again elected president; H. Schroeder, vice-president; B. W. Hall, treasurer; A. Thornton, A. Tait, W. C. Paterson, directors, and T. S. Eutcher, secretary.

President Wall gave to the large gathering an address on the work of the past year, which had been most satisfactory. Associations had been also organized at Kamloops, Revelstoke, Nelson and Cranbrook, on the mainland; one for the islands adjacent to Victoria, also at Nanaimo, Duncan and Cumberland; all affiliated with the Provincial Association of Retail Merchants of British Columbia.

FIFTEEN SALES

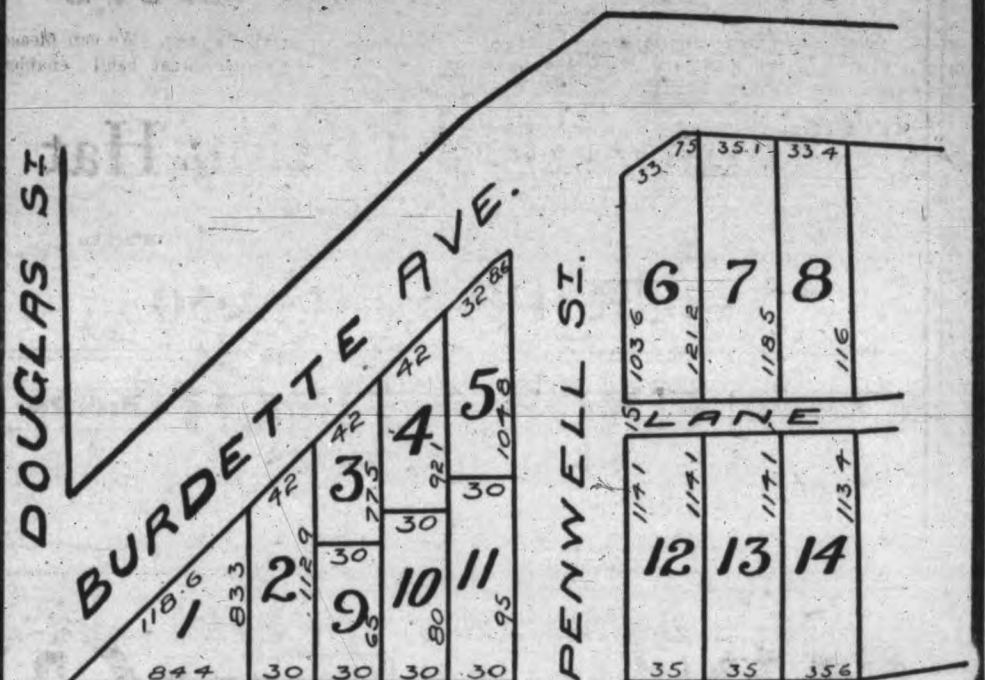

In This Business Property Totalling
OVER \$100,000

Fifteen sales in this property, totalling over \$100,000, is the record of the past few days. Not a line of advertising—no special effort—just the greatest values in the city did the business.

This property is the cheapest business property in Victoria and we can deliver some of these at prices that will net you a handsome profit almost immediately.

Let us give you further information about prices and easy terms.

PORTUGAL FACES

ANOTHER CRISIS

(Continued from page 1.)

prove conditions, the people are sure to turn against the present government. There will be another revolution and another provisional government, republican again, but it will surely be a worse government than the present one, for there are literally not enough competent and incorruptible men in Portugal to form another as good as the present one. So, I am convinced that there will be successive upsets until some man steps into the situation with strength enough to establish order by the use of force.

Machado says Portugal has no "aggressive military plans" for the future and that while the constitutional convention will likely provide for brief compulsory military service, the army will be maintained only for defensive purposes and for use in the colonies.

There is absolutely no chance of Portugal forming a union with Spain, Machado says.

One thing that Machado convinced me of was that there will be no restoration of ex-King Manuel, no matter what the outcome of Portugal's governmental efforts are.

Nor are there any indications of the slightest hope for the pretender, Dom Miguel. His name is hardly mentioned in Portugal.

While the possibility of a return to monarchy may be slight there is danger, as I see it, of the establishment of a military dictatorship. The present government's hold on the people is slight.

The new government has not brought the expected relief and the people are gradually becoming dissatisfied.

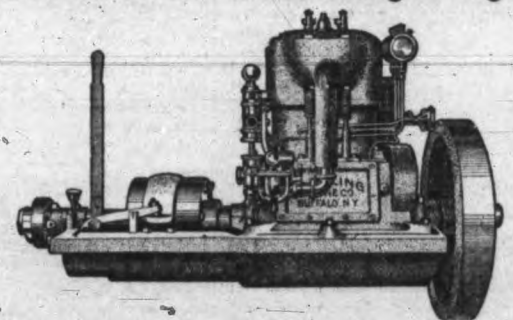

Await Result of Election.

Washington, D. C., Feb. 13.—Defending its policy of delay before recognizing the Portuguese republic, the state department to-day said:

"Convincing proof that the present government of Portugal is the creation of the people's will and not merely the rule of a coterie of test book theorists must come before the United States can extend recognition. An endorsement of the present Portuguese administration at a general election would be considered as constituting such a proof."

The department points to the case of Nicaragua as a parallel. Not until December 31, when the Nicaraguan popular assembly recognized Estrada as president, was his representative received at Washington as a minister. The charge that America is waiting

for a lead from Europe before recognizing the Portuguese republic was denied, as is also the statement by Portuguese Minister Machado that the Panama canal is a factor in Washington's stand.

DAIRYMEN ELET.

Policy Outlined to Encourage Small Producers.

The directors of the B. C. Dairymen's association held their first meeting for the year on Saturday. Those present were W. E. Buckingham, president; the deputy minister of agriculture, the provincial live stock commissioner, F. J. Bishop of Sidney, A. C. Aitken of Duncan, Alex. McMurray of Armstrong, A. H. Meikle of Pender Island, William Duncan of Comox, R. W. Holliday of Salmon Arm, Dr. S. F. Toimie, and the secretary-treasurer, Dr. P. H. Moore. The resignation of J. Turner of Matsqui was accepted and T. A. Wells was appointed to the board of directors in his place. A. C. Wells of Chilliwack was re-elected honorary president.

It was decided to divide the dairy farm competition into two classes, so as to encourage the small dairymen. The present cup will be kept for competition among dairies having fifteen cows or over. Another cup will be provided for competition among dairies

having from five to fifteen cows. The time for entering the competition was extended to the 1st of May. Three judges were appointed, F. Bishop, W. T. Buckingham, and the secretary-treasurer. If the latter is prevented from acting by pressure of business, his place will be taken by A. H. Meikle. The judges will make two visits to the competing dairies, once between the 15th of May and the 1st of July, and again between the 15th of November and the end of the year.

Three special prizes of \$10, \$5, and \$2.50 will be offered at the Victoria, Vancouver and New Westminster fairs for the best milk.

A resolution was passed recommending to the various agricultural associations of the province that they restrict their cattle prize list to animals the owners of which can show certificates that their stock have been subjected to the tuberculin test by a government official within twelve months.

SUNDAY BALL GAMES.

Lincoln, Neb., Feb. 13.—Sunday baseball has received legislative approval. A bill making the playing of the national game on the Sabbath optional with city councils and county commissioners has been passed by the state legislature.

Masks at Victoria Sporting Goods Store.

EAGLES' BALL ON WEDNESDAY

BIG MASQUERADE EVENT TO DRAW RECORD CROWD

Assembly Hall Will Be Scene of Gaiety When Feathered Lodgemen Celebrate

Next Wednesday evening the Eagles' ball, the one big, gigantic hit of all annual masquerades, will be held at the Assembly hall on Fort street, and from present indications the 1911 event will surpass any yet held by Aerie No. 12. The music, supper and decorations will all be complete, and one of the best times in the history of the local aerie of Eagles is assured all those who attend. Caterer Al Belanger, who is looking after the supper, will have a delightful repast for the patrons. The music will be rendered by the Turner. Bantley orchestra of twelve pieces which has been rehearsing for the past two weeks, and will render the latest and most popular music.

Tickets have been selling fast, and can be had from any member of the aerie or from Secretary J. H. Hughes. Handsome prizes are being offered for the various characters, and competitions will be keen in each and every class. Following is a list of events and prizes:

Tomboia, lady, either spectator or masked—White rotary drop head sewing machine.

Finest fancy costumed lady—Mahogany dresser.

Finest fancy costumed gentleman—Sectional book case and desk.
Best original character representing stock-in-trade, lady—Morris chair.
Best original character representing stock-in-trade, gentleman—Suit of clothes.

Best character representing F. O. E., lady—Seven-piece silver tea set.
Best character representing F. O. E., gentleman—Graphophone.
Best character representing trade or profession, lady—Set carvers.
Best character representing trade or profession, gentleman—Double-barrel gun.
Best sustained character, lady—102-piece dinner set.
Best sustained character, gentleman—Travelling bag.
Best comical character, lady—Mahogany parlor chair.
Most comical character, gentleman—Fishing rod, basket and tackle.

INFLAMED KIDNEYS

Medical writers declare it incurable after the sixth month whether albuminous or not.
The average man prefers to think of it as "kidney trouble" and lets it go, but the census shows this appalling fact—out of 6,000 deaths from kidney troubles the last census year over nine-tenths of them (5,800) took the form called "Bright's Disease," although it is quite probable that nine-tenths of these up to the last moment thought of it as and called it "kidney trouble," when as a matter of fact the only possible hope laid through a specific for Bright's Disease.

There never was one until Fulton worked out his renal emollient (Fulton's Renal Compound).
Since then inflammation of the kidneys, whether albuminous or not, or whether called "kidney trouble" or "Bright's Disease," or whether six months or six years old commonly yields.
If you have had kidney trouble over six months, no matter what you call it, it is the only hope. Efficiency 81 per cent, where patients do not wait until bedridden, although some of them recover. It can be had in Victoria at D. E. Campbell's drug store.
We desire to hear from and advise with patients not noting the usual improvement by the third bottle. Literature mailed free. Write John J. Fulton Co., 68 Battery street, San Francisco, Cal.

INDUSTRIAL PEACE

ORGANIZATION HERE

Officers Elected and Manifesto Issued by the Local Branch Association

A meeting for organizing purposes was held at the Dominion hotel on Friday night by those interested in the formation here of a branch of the Industrial Peace Society, and the following officers were elected: President, D. E. Campbell; vice-presidents, Bishop Perrin and W. Ridgway Wilson; treasurer, J. E. Wilson; secretary, W. H. P. Sweeney; executive committee, A. J. Brace, Rev. Hermon A. Carson, Otto Weller, J. E. Wilson and W. H. P. Sweeney.

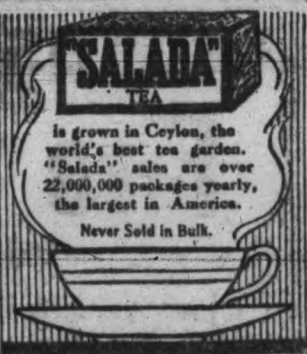

The following were named a committee to accompany P. H. Scullin to meet the provincial executive and present a letter from the Vancouver branch: Bishops Perrin and MacDonald, A. J. Brace and D. E. Campbell. It was decided to name a fraternal delegate to attend the forthcoming convention in San Francisco, and the matter was left in the hands of the executive committee.

The proceedings closed with a vote of thanks to P. H. Scullin, the organizer, moved by Bishop MacDonald, who spoke approvingly of the aims of the organization.

The local branch has issued the following manifesto:

To our people, our representatives and the public press:
In identifying ourselves with the Canadian Industrial Peace movement we, the directors of the Victoria branch of the association, address you. Being conscious of the great amount of hardship and suffering inflicted upon our people in all walks of life, through industrial warfare and the ever-developing spirit of unrest which year by year is made evident by the enormously increased loss in time and wages to employees, profits to employers, and, equally so, loss and inconvenience to the general public; and, having at heart the best interests and happiness of all our people, with the general prosperity of our country, we have carefully and thoroughly investigated the plans adopted and methods pursued by the Industrial Peace Association in settling and averting industrial warfare, and find them to be such as to command the respect, confidence and commendation of all honest, right-thinking citizens. The association's plans are simple, yet practicable, and most effective in establishing and maintaining permanent industrial peace, while its educational propaganda is supplying a public want that cannot be over estimated.

But no plan, however good, can work itself. It must be worked. And to make the plans of the Industrial Peace Association effective for the general good they must have the co-operation and support of our people at large. Therefore, as directors of the Victoria branch, we most earnestly request for this effort for our city's and country's good, the unstinted support of the public press, the pulpit and our fair-minded citizens in every walk of life, to the end that industrial strife may forever disappear from our land.
W. Y. Columbia, Bishop of Columbia; Alex. MacDonald, Bishop of Victoria; A. J. Brace, secretary Y. M. C. A.; Hermon A. Carson, pastor First Congregational church; F. J. Sehl, W. Ridgway Wilson, F. B. Pemberton, John Hart, Otto Weller, D. E. Campbell, J. O. Hinton, Max Leiser and Simon Leiser.

"The Man of the Hour"
Playgoers will no doubt view with great favor "The Man of the Hour," which will be seen at the Victoria theatre again to-morrow evening. "The Man of the Hour" from all reports easily ranks as one of the most substantial hits of the past season. It is said to contain more generous laughs than many a farce and the love interest absorbing. The play is said to be strong, convincing and uncommonly interesting and proves particularly effective as a dramatic vehicle, because it deals with a familiar subject in a most vivid manner.

It is not only the most profitable drama now being presented in America but it possesses the highest value as an educational factor in the present fight for cleaner plays. Its mission is the more effective because the moral purpose is conveyed through a play that thrills, grips and holds the closest attention and is illuminated with the sunshine of buoyant and breezy humor. It is not often that a play will entertain while it teaches. The popular heart is touched and the popular fancy caught by the powerful story, its stirring dramatic situations, its intense human interest, its great love story and its abundance of wholesome fun.

A special company will appear during this engagement, which includes the following well-known players: Harry English, Warren Conlan, John Moore, John Kenne, Clyde P. McCabe, Franklin George, Frank Kendricks, E. H. Felt, Geo. A. Cameron, Eleanor Haber, Florence Mack, Virginia Irwin.

Turner Orchestra.
On Thursday next the Turner Orchestra will be again heard at the Victoria theatre. All who were at the first concert given by this fine body of musicians at Christmas time will be certain to attend and those who missed that one should not fail to take in the coming concert.

Not only as a local musical organization but by virtue of sheer ability on the part of both leader and orchestra

it deserves all the patronage that it can receive. The first concert was not a financial success but its artistic merit was beyond praise, and music-lovers owe it to themselves to do their share on Thursday evening by filling the house.

The programme will include a Tannhauser selection, Raff's Third Symphony, a Bachmann march-fantasia, Labitzsch's String Suite and other numbers. Max Steingel, the "delightful" Raul Pereira, the violinist, and a well-known vocalist will assist the orchestra.

"Seven Days."
The popular comedy, "Seven Days," is the attraction at the Victoria for Monday, February 28. The company which will be seen in this city is under the management of Wagenhals & Kemper, who promise an elaborate production of the famous comedy, with a cast that includes such distinguished players as Aubrey Beattie, Ben Wilson, William Woodworth, Edward Longman, Patrick Barrett, Jack Sheehan, Madeline Winthrop, Florence Robinson, Irma La Pierre and Jessie MacAllister.

Josef Hoffmann.
The next concert under the auspices of the Victoria Musical Society will take place early in March, when Josef Hoffmann, the great pianist, will play in the Victoria theatre. Few lovers of music need be told of the position won through sheer merit by Josef Hoffmann, whose versatility is demonstrated in the fact that he is to-day remembered not only as one of the world's most authoritative concert performers, but also as a master educator and a scholarly and most interesting writer on musical themes.

Kathleen Parlow.
Kathleen Parlow, violinist of whom the London Times said: "Very rarely have we heard such tone and volume, its quality is beautiful. Her intonation is immaculate and her technical equipment magnificent"—is a Canadian and will appear at the Victoria theatre for a recital on Monday, February 27, after a tour of continuous triumph and praise in London, on the continent and in New York, Montreal, Quebec and Calgary, her home city.

The press throughout England has lauded this young player, New York fell at her feet in December last, and Canada, her native land, has received her with open arms.

Miss Parlow is nineteen years of age. She was born at Calgary. At the age of five she performed there, and then went to San Francisco, where her studies were commenced. She performed there at the age of seven and then returned to Calgary. Later she went to Europe and studied. She gave her first recital at the Bechstein hall, London, March 23, 1905, and in the same year she had that distinguished honor, which all artists covet, the honor of a royal command to play before Her Majesty the Queen. She gives a recital at Calgary a week from to-day and then comes on to the coast for her Victoria appearance.

With Miss Parlow will be Karel Leitner, a Bohemian pianist who is a first honor graduate of the Prague Conservatory of Music.

PROFIT IN LOGGING.

Nelson Feb. 11.—F. G. Fauquier reports a very successful meeting of the newly formed Arrow Lakes Ranchers' Union, which was held at Burton City. About 60 settlers, from various points on the Arrow Lakes, were present.

The most important matter under discussion was the question of the marking of mining props, fence posts, telegraph poles, cordwood and similar lumber products taken off ranches during clearing operations. Specifications and prices received from a firm at Lethbridge interested in Arrow Lakes land showed that a very good profit may be made by ranchers who will go to the trouble of taking on the timber on their lands and marketing it in the form of telegraph poles, fence posts, mining props, etc. The communication in effect, said Mr. Fauquier, showed that practically all the timber may be utilized in some form or another and a ready market found for the products on the prairies.

Mr. Yoder, a representative of Lindsay Brothers, the well known Spokane lumber firm was present at the gathering and gave the members of the union some valuable advice as to practical cutting of telegraph poles, and stated that this firm was willing to purchase all the poles the union could produce and pay for them at satisfactory prices.

Already a number of the settlers are engaged upon individual logging operations, said Mr. Fauquier, and a number of others are expected, as a result of the meeting, to take advantage of this remunerative method of clearing their lands.

Kootenay Gold Mines, Limited

An Investment of Exceptional Merit

Here are the outstanding features of what we consider one of the safest, soundest mining investments ever offered to the public of B. C.

1.—The property consists of thirteen crown granted mineral claims situated six miles west of the city of Nelson. The mine is now operated steadily and produced last year a net profit to the owners of over \$25,000, the gross value of the bullion amounting to \$71,600.

2.—The purchaser of shares, therefore, becomes a part owner of a producing property, and the money secured from the sale of the limited number of shares now offered will be used to increase the capacity of the plant.

3.—The earnings during the past year came from eight months operation, but the electrical equipment now installed will enable the company to operate the whole year through. This could not be done previously owing to the lack of power.

4.—The capitalization is low, only \$250,000. On the basis of last year's work the profits would enable the

company to pay 10 per cent. It seems reasonable to suppose that working full time, with increased capacity the mine should be a splendid payer right from the start.

5.—We have investigated this proposition carefully. We believe in it. We have purchased stock ourselves, and that is an indication of our faith.

Samples of the ore and of the gold from the mine can be seen at this office.

We also have copies of the prospectus showing many excellent views of the property.

We can offer only a limited number of shares at par, \$1.00. The terms of payment are 20 per cent on application, 20 per cent on allotment, 30 per cent in two months from date of application, 30 per cent in four months.

We want to tell you more about this proposition, write, phone or call.

AUDITOR

D. A. PENDER, C.A., of D. A. Pender & Co., Chartered Accountants.

THE CANADA NATIONAL FIRE INSURANCE COMPANY was incorporated April 7th, 1909, by Special Act of the Parliament of Canada, with an

\$3,000,000 — **AUTHORIZED CAPITAL OF THREE MILLION DOLLARS** — **\$3,000,000**

Divided into 30,000 shares of \$100.00 each, for the purpose of carrying on the business of Fire Insurance, as outlined in the Insurance Act and the Special Act of Incorporation.

The Head Office of the Company is in the City of Winnipeg, and in addition to this, Branch Offices and Agencies will be established throughout the Dominion. It must be generally conceded that, owing to the satisfactory conditions at present prevailing throughout not only Western Canada, but the entire Dominion, this Company is being organized at a most favorable and opportune time.

Canada, and particularly the Western portion of the Dominion, is advancing in population and wealth more rapidly than at any other time in its history, and every indication points towards a period of great prosperity and development.

The great influx of settlers into Western Canada is resulting in tremendous activity in every line of business. Railroad construction is proceeding on a scale hitherto unknown in this country, and as adequate transportation is of vital importance in moving our immense crops with a proper degree of facility, it is highly encouraging to see so much well directed energy along the lines of railway extension.

Coincident with railway expansion, we find many new districts rapidly filling up with desirable settlers, bringing with them a good supply of cash and effects. With the settlement of the rural districts, new towns and villages are springing up, which will, during the next few years, become, in many instances, important business centres.

With such unprecedented growth in Western as well as Eastern Canada, involving an expenditure of millions of dollars in building operations, it is at once evident that there is a very extensive and profitable field for a new Fire Insurance Company, which will have a thorough organization throughout the length and breadth of the Dominion and more particularly in the four Western provinces.

As a great volume of our business will be transacted in the West, it is a matter of the greatest importance that the Head Office of the Company, as well as the Directors, should be located in the West, so that the affairs of the Company may be conducted to the best possible advantage.

DIRECTORS AND ADVISORY BOARD.

The Directors and Advisory Board consist entirely of Western men with a very intimate knowledge of Western conditions, and they are, accordingly, well conversant with the financial and general business requirements of the West. They are thoroughly representative of the various important branches of financial, commercial, industrial and professional life in Western Canada, and with their wide reputation of business ability and integrity, as well as financial standing, combined with a long and varied experience, and practical knowledge of business affairs, they are exceptionally well qualified to render excellent service to a large financial institution.

THE DIRECTORS.

As the Directors have valuable connections with extensive business interests, and are also Directors of other financial corporations, as well as being otherwise identified with large and influential companies, which control a great deal of high grade fire insurance, they will be instrumental in placing a large portion of this desirable insurance with the new Company, so that we may safely conclude that from the very beginning of operations, a large and profitable business will be assured.

Under these favorable conditions and with a strong energetic as well as experienced and conservative management combined with the fact that each Director has subscribed for eleven thousand five hundred dollars (\$11,500) of the Capital Stock, on which all calls have been paid, and takes an active interest in the welfare of the Company, there is only one conclusion to draw and that is, that the affairs of the Company will be conducted in such a careful, conscientious and intelligent manner that the interests of both policy holders and stockholders will be fully protected.

It is worthy of note that about \$500,000 of Capital Stock has already been subscribed by the Directors and their friends.

No commission has been paid to anyone for securing stock subscriptions, and no expense has been incurred in the promotion and organization of the Company, except the expense in connection with securing the Charter and other necessary expenses.

THE CANADA NATIONAL FIRE.

The Canada National Fire being organized in the West may be truly called a western company, and, as such, should receive the liberal patronage and hearty co-operation of the citizens of Western Canada, as well as the support of people from Eastern Canada, who desire to become associated with a strong and progressive Canadian Company.

When promoting this Company, the Directors were fully convinced that there was a splendid opening in Western Canada for a Company prepared to carry on the business of Fire Insurance on a large and comprehensive scale, and which, at the same time, could offer adequate protection to both policy holders and shareholders. Accordingly, when making application for a Dominion charter the Company was incorporated with a capital of \$3,000,000.00, of which amount, it is the intention of the Directors to immediately offer for sale, the large sum of \$2,000,000.00.

The all important feature in Fire Insurance, is protection; and with the large capital, combined with the high standard of Reserve, which will be maintained through careful selection of risks and profits from judicious investments, the Directors and management feel confident that this Company will be accorded a very hearty reception by Canadian citizens, and will soon rank as one of the leading Fire Companies.

Without a large and substantial capital for the protection of the policy holders, a fire insurance company is seriously handicapped, and does not afford the policy holder that protection to which he is justly entitled, and the Directors of this Company being fully aware of this most important fact, are adopting a very wise policy in offering for subscription, such a large amount of capital stock; and when our entire stock is subscribed and paid in full, it will represent the largest amount of subscribed and paid-up capital of any Canadian Fire Insurance Company, and will be a tower of strength, and of very material benefit to the Company in carrying on its extensive operations.

It shall be the policy of the Company to use the utmost discretion in the selection of desirable risks, and, at the same time, to so widely distribute its business that any danger arising from a possible conflagration, at any point may be reduced to a minimum.

The investment of the Company's funds will be given the greatest of care and attention by the Board of Directors.

Only gilt-edge securities will be considered, such as first mortgages on improved, productive real estate; stocks, bonds and debentures of companies of high re-

pute, as well as Dominion securities, and municipal, county and school debentures of well established districts.

As a large percentage of these securities is readily negotiable, the Company will have abundant liquid assets to meet any possible contingency that might arise.

Our first mortgage investments will be confined to Western Canada, and as the rate of interest obtainable in first class productive real estate is Fully Two Per Cent. greater in the West than in Eastern Canada, the Company will have a decided advantage over Companies operating exclusively in the older portions of the Dominion. A fixed policy of the Company is to loan not more than fifty per cent of a conservative value of the property, and to stipulate for a definite return of principal, together with interest, each year during the term of the loan. With these periodical repayments of principal and with land values in Western Canada steadily increasing, the Company's first mortgage securities will continue to improve year by year.

With the active development in Western Canada, a great deal of capital will be required for many years to come, and the Company will, therefore, experience a very ready demand for its funds on high grade securities and at a profitable rate of interest.

The Directors have decided to issue the first allotment of stock at the price of One Hundred and Fifteen Dollars per Share, being at a premium of fifteen per cent.

THE TERMS OF SUBSCRIPTION ARE:

On application, \$25.00 per share, which shall include the premium of \$15.00 per share; and the balance, payable in ten consecutive half-yearly instalments of \$9.00 per share; the first of such half-yearly instalments, to become due and payable six months from date of allotment of shares.

Shares may be Paid in Full at time of subscription, but, if purchased on the Instalment Plan, the subscriber shall have the privilege of paying any or all of the instalments prior to due dates.

The following table shows the amount of first call as well as the subsequent payments:

No. Shares	Amount of First Call	Half Yearly Payments	No. of Shares	Price of Shares at the price of \$115.00 per share
1	\$ 25.00	\$ 9.00	1	\$ 115.00
5	125.00	45.00	5	575.00
10	250.00	90.00	10	1,150.00

No bonus stock shall be issued for any purpose whatsoever, and even the Directors and Advisory Board, who are very heavy stockholders in the Company, have paid the same price for their shares as the general public. Not one share has been or will be issued to any person at a price less than \$115.00 per share.

This is a rare opportunity to secure some of the first issue of the Capital Stock of a Western Fire Insurance Company. With a large amount of desirable and profitable business, so readily obtainable by the Company through its valuable and extensive business connections, rapid progress should be made; and with investments carefully selected and unexcelled in earning power, the Company will be enabled to not only pay substantial dividends but build up a large reserve, and thereby materially increase the value of the stock.

The Directors, anticipating a great demand for the issue of stock, would strongly advise the investing public to make application for the stock with as little delay as possible.

The Directors firmly believe in the policy that Every shareholder should co-operate with the management of a Company and take an active interest in its welfare. For that reason, it is their intention to widely distribute the Capital Stock and by that means, obtain the support of the leading business and professional men throughout the country.

With the rapid development of the West during recent years, involving an outlay of many millions of capital, it has become generally recognized that Western Canada is very much in need of more large financial institutions, and especially of Western origin, to properly meet the growing requirements of the West, and to not only improve the present financial situation, but to materially assist in retaining as much as possible desirable business, with its resultant profits, within our own Western borders.

The business of fire insurance has now grown to such large proportions that it has become a very important factor in the financial and commercial world, and as its scope and influence is so general and widespread, it is only natural to find that the question of ample protection to policyholders, which is the primary function of fire insurance companies, should be so generally discussed at the present time.

This important subject has given rise to a very strong feeling in Western Canada that the time has now arrived when the Western people should organize a Fire Insurance Company of such strength and proportions, that it will soon rank as one of the leading fire companies of America, and command general respect and confidence, which is so essential to a company which solicits the support and patronage of all classes of the community.

The Directors have every confidence that they will receive the hearty co-operation of not only Western citizens, but of people from every part of the Dominion, to build up a great fire insurance company with ample protection for the people, and which will be a source of pride and credit to our country.

The following Canadian Government Insurance statistics should prove of especial interest.

In the year 1869, the total amount of fire premiums collected in Canada was \$1,785,539.00, whereas in the year 1909, the total premiums charged, amounted to the large sum of \$22,293,633.25, and of this amount, \$6,551,644.41 was charged by Canadian Companies; \$11,518,267.45 by British Companies, and \$4,223,721.39 by American Companies.

During the last forty-one years, the aggregate amount of fire insurance premiums collected in Canada reached the immense total of \$280,740,466.00, of which the large sum of \$218,310,047.00 represents the amount of premiums collected by foreign companies, and which, therefore, was taken out of the country to build up foreign companies and enrich foreign shareholders.

The above figures are most significant and clearly demonstrate that while the Canadian Fire Companies have been doing a satisfactory business, they have secured only a small portion of the Fire Insurance transacted in Canada; or to be more exact, only twenty-two per cent. of the total Fire Insurance written in Canada covering a period of the last forty-one years. With the extraordinary progress which Canada has been making during recent years, the field for financial institutions has become so widely extended, that there is a constantly increasing demand for new, large financial corporations.

By further reference to our Government statistics it will be observed that at December 31st, 1909, the total number of Canadian Fire Companies, operating under Dominion charter, was only twenty-one, and of this number, only two had a paid-up capital in excess of \$500,000.

In promoting this large Canadian Company, the Directors are fully confident that the new organization will, with characteristic Western energy and enterprise, soon become to be recognized as an important factor in the insurance world, and as The Canada National will be instrumental in retaining within the boundaries of Canada, a large amount of money which would otherwise be taken out of the country to build up foreign corporations, the people of this growing Dominion, will readily see the advisability of giving this company their moral and financial support, in order that we may build up a strong and vigorous Company which will prove a valuable acquisition to our Canadian monetary institutions.

In view of the fact that this is the first issue of the Company's stock, and consequently the lowest price at which it will ever be available to public subscription, we would cordially recommend the public to give this matter their immediate and careful consideration. Subscribers are requested to kindly fill out the attached application form, stating name in full, number of shares desired, occupation, and address, and mail the application along with the first call of Twenty-five Dollars (\$25.00) per share on the stock, direct to the Head office of the Company, Winnipeg Man.; or, if so desired, application may be made for the stock at any of the Company's Branch Offices, or at any Branch of the Royal or Imperial Banks, where application blanks and any additional information will be readily furnished.

Applications for stock will be considered in the order received, and on approval of the same by the Board of Directors, a Certificate for the number of shares subscribed, will be issued and mailed the shareholders forthwith.

Do not fail to make application for the stock at once, as the Directors are confident that the stock will be fully subscribed in a very short time.

Cheques, Drafts, Money Orders or other remittance on account of Stock Subscriptions, should be made payable to The Canada National Fire Insurance Company.

Application For Capital Stock

I, hereby apply for shares, of the par value of One Hundred Dollars (\$100) each of the Capital Stock of the Canada National Fire Insurance Company, at the price of One Hundred and Fifteen Dollars (\$115) per share, being at a premium of fifteen (15) per cent.; and I covenant and agree to pay for the said shares as follows: Twenty-five dollars per share on application, which shall include the premium of fifteen dollars per share, and the balance in ten consecutive half-yearly instalments of nine dollars per share; the first of such half-yearly instalments to become due and payable six months from date of allotment of said shares.

I further agree to accept said shares when they are allotted to me, and I do hereby request that my name be duly registered on the books of the Company as the holder of such shares.

Applications for stock will be filed in the order received, and on approval of same by the Board of Directors, a Stock Certificate will be issued and mailed forthwith.

The holder of these shares will be paid the dividends that may be declared on the same from time to time by the Board of Directors. Dividends shall be declared and apportioned in proportion to the amount paid into the Company on the par value of the shares.

Calls on shares may be paid prior to due dates, and when all of such calls have been paid, a fully paid certificate will be issued to the holder of these shares.

These shares are transferable only on the books of the Company by the owner in person or by attorney on surrender of the Certificate of Stock properly endorsed. Transfers shall not be valid unless approved by the Board of Directors.

The Evening
Chit-Chat

BY RUTH CAMERON

I wonder if there
are any of my read-
ers who would like
to send some very
beautiful love verse
to the owners of
hearts on St. Valen-
tine's day instead of
a conventional valen-
tine. With the idea
that there may be,
I'm going to print
some of my favorite
love lyrics to-day.
Perhaps you could
get an artist to
illuminate the one
you like best.

Perhaps you'll just copy it yourself and
send with some little gift.
Perhaps you'll just send it as it is.
Anyway you do, it seems to me a verse
like these would be acceptable as a
more personal touch than a boughten
valentine.

Doubt that the stars are fire,
Doubt that the sun's a red ball,
Doubt that truth be a liar,
But never doubt I love.
—Shakespeare.

A book of verses underneath the Bough,
A Jug of Wine, a loaf of Bread, and Thou
Beside me singing in the Wilderness,
Ah! Wilderness were Paradise enough.
—Omar Khayyam.

If I were king; ah, love, if I were king,
What tributary nations would I bring
To stoop before your sceptre and to swear
Allegiance to your lips and eyes and hair:
Beneath your feet what treasures would
I fling?

The stars would be your pearls upon a
string.
The world a ruby for your finger ring,
And you should have the sun and moon to
wear.

If I were king.

Let these wild dreams and wilder words
take wing,
Deep in the woods I hear a shepherd sing
A simple ballad to a sylvan air
Of love that ever finds your face more
fair.

I could not give you any godlier thing
if I were king.
—H. H. McCarthy.

See the mountains kiss high heaven
And the waves clasp one another,
No sister flower would be forgiven
If it disdained its brother;
And the sunlight clasps the earth,
And the moonbeams kiss the sea;
What are all these kissings worth,
If thou kiss not me?
—Shelley.

From the desert I come to thee
On a station shod with fire,
And the winds are left behind
In the speed of my desire.
Under thy window I stand,
And the midnight hears my cry—
I love thee, and I love but thee.
With a love that shall not die
Till the sun grows cold
And the stars are old
And the leaves of the Judgment Book
unfold.
—Bayard Taylor.

Since we parted yesterday eve,
I do love thee, love, believe,
Twelve times dearer, twelve hours longer,
One dream deeper, one night stronger,
One sun surer, thus much more
Than I loved thee, dear, before.
—Owen Meredith.

Ruth Cameron
LECTURE ON IBSEN.

On Thursday evening at the home of
Mr. and Mrs. Gunn, a lecture on Ibsen
was delivered by S. Adner.

Mr. Gunn, presiding, opened the
evening by giving an interesting sketch
of the effect of the Scandinavian race
upon the Anglo-Saxons, and said the
invasion of Europe by the Norse and
natives akin to them reached its culmi-
nation as a factor in the evolution of
the earlier British people when William the
Conqueror, a Norman, of Scandinavian
origin, possessed himself of the English
throne.

Mr. Adner delivered an exceed-
ingly thoughtful address, rendered more
efficient on account of his Norwegian
birth. He described Ibsen as an
aristocrat and philosophical an-
archist, a man who, apart from his
writings, performed no useful func-
tion in society. Ibsen's father was de-
voted to his entering the Lutheran
church, but, owing to his inability to
believe in its doctrines, he forsook
ecclesiastical study without regret.

Turning his attention to the social
conditions prevalent in Norway and
the whole of the civilized world, Ibsen
began ruthlessly to strip off all the
extraneous garb of cant and respect-
ability and show, unmistakably, his
sympathies with the great proletariat
and his disgust at the conventionalities
of modern society in such plays as "A
Doll's House," "The Pillars of Society"

and "When We Dead Awaken." His
knowledge of human nature and his
penetrative insight into the disguises
affected by his contemporaries, together
with his peculiar poetic genius, placed
at his mercy all sham which came
within his knowledge, and his razor-
like satire was mercilessly used as a
weapon against all whom he attacked
as foes to progress.

Mr. Adner said Ibsen looked
neither to the left hand nor to the
right, but only forward; and that he
was absolutely original in all his
works, never quoting a single word
from another writer.

At the close of the lecture questions
were asked and observations passed
upon Ibsen and the lecture by A. J.
Pineo, A. Saville and Fred Haworth.

**THE BALD-HEADED MAN
MAY LOOK WISE**
But If He Had Been He Would
Have Had Hair Now.

You do not want a scientific treatise
on the hair follicle; you are not par-
ticularly interested in the name of the
German scientist who isolated the bug
that is said to cause baldness. What
you do want to know is how to save
the hair you have and make it strong
and lustrous.

Nyal's Hirsutone will do it better
than anything else.

It is not claimed that Hirsutone is a
wonderful scientific secret—but it is
the concrete result of all that is proven
in the scientific treatment of sick and
diseased hair and scalp.

Hirsutone loosens and removes all
scaly and matted deposit on the scalp—
stimulates the hair bulbs and gives new
life and vigor to the hair itself.

Nyal's Hirsutone gives back to the
hair and scalp just what it has been
robbed of by your neglect and abuse.

It is time to start right. Use Hirsu-
tone.

It is one of the Nyal remedies and
no higher recommendation can be given
it. They are all good. Ask your Nyal
Druggist. He recommends it.

Sold and guaranteed by D. E. Camp-
bell, John Cochrane, Dean & Hicocks,
F. W. Fawcett, Messrs. Hall & Co., W.
Jackson & Co., F. J. Williams, Vic-
toria.

FAMILY
REMEDIES**
One for each everyday ailment

CHAMPION TYPIST.
Miss Rose L. Fritz Will Give a Demon-
stration in Victoria.

Some time within the ensuing week
or ten days, it is expected that Vic-
toria will receive a visit from Miss
Rose L. Fritz, the lady whose name
during the past few years has been
constantly before the eyes of typists
and stenographers as standing for the
superlative of achievement in the al-
lied profession that has become so very
important a part of everyday business
life.

To the novice operator of the type-
writer the performances of Miss Fritz
have been little short of the miracu-
lous; and skepticism has no doubt en-
tered just a little into every day ap-
preciation of her remarkable accom-
plishments. The forthcoming visit of
the world's champion during so many
years—the holder of an unapproachable
record for speed and accuracy—will
afford the local typists an opportunity
to at least give a public demonstration
while in Victoria, and has also accepted
invitations to visit the schools and
quietly illustrate the capabilities of the
modern writing machine when manipu-
lated by the greatest of experts.

Writing from 100 words upward to the
minute, during half-hour tests of dic-
tation and with less than four mis-
takes to the page; writing from 50
words a minute upward while blind-
folded, in demonstration of the superi-
ority of the "touch" system, and copy-
ing at speed exceeding either of these
performances, are features of the ex-
hibitions given, and in which the keen-
est interest of the typing sisterhood
and brotherhood is certain to be
aroused.

"The Art of
Making the Dinner
Table Attractive"

—by—

CHALLONER & MITCHELL

CO., LTD.

No. 2.

How to do it daintily and with
but a modest outlay. Our choice
sets of Fish Slice and Server, in
silver, pearl and ivory, are de-
cided additions in producing the
desired effects, and with the in-
dividual knife and fork, which is
always necessary on a well ap-
pointed table, you will indeed
welcome Friday.

To relieve any appearance of
flatness, or sameness, a well se-
lected piece or two of English
Oak placed on the table is a de-
lightful contrast to the silver,
glass and regular requirements.

The Fish Servers and individ-
ual pieces are the highest quality
of English goods, beautifully
finished in both plain and hand-
engraved blades, and to say "the
highest quality of English goods"
assures one that they are beyond
criticism for service and style.

Mr. Adner said Ibsen looked
neither to the left hand nor to the
right, but only forward; and that he
was absolutely original in all his
works, never quoting a single word
from another writer.

At the close of the lecture questions
were asked and observations passed
upon Ibsen and the lecture by A. J.
Pineo, A. Saville and Fred Haworth.

**THE BALD-HEADED MAN
MAY LOOK WISE**
But If He Had Been He Would
Have Had Hair Now.

You do not want a scientific treatise
on the hair follicle; you are not par-
ticularly interested in the name of the
German scientist who isolated the bug
that is said to cause baldness. What
you do want to know is how to save
the hair you have and make it strong
and lustrous.

Nyal's Hirsutone will do it better
than anything else.

It is not claimed that Hirsutone is a
wonderful scientific secret—but it is
the concrete result of all that is proven
in the scientific treatment of sick and
diseased hair and scalp.

Hirsutone loosens and removes all
scaly and matted deposit on the scalp—
stimulates the hair bulbs and gives new
life and vigor to the hair itself.

Nyal's Hirsutone gives back to the
hair and scalp just what it has been
robbed of by your neglect and abuse.

It is time to start right. Use Hirsu-
tone.

It is one of the Nyal remedies and
no higher recommendation can be given
it. They are all good. Ask your Nyal
Druggist. He recommends it.

Sold and guaranteed by D. E. Camp-
bell, John Cochrane, Dean & Hicocks,
F. W. Fawcett, Messrs. Hall & Co., W.
Jackson & Co., F. J. Williams, Vic-
toria.

**Nyal's
FAMILY
REMEDIES**
One for each everyday ailment

CHAMPION TYPIST.
Miss Rose L. Fritz Will Give a Demon-
stration in Victoria.

Some time within the ensuing week
or ten days, it is expected that Vic-
toria will receive a visit from Miss
Rose L. Fritz, the lady whose name
during the past few years has been
constantly before the eyes of typists
and stenographers as standing for the
superlative of achievement in the al-
lied profession that has become so very
important a part of everyday business
life.

To the novice operator of the type-
writer the performances of Miss Fritz
have been little short of the miracu-
lous; and skepticism has no doubt en-
tered just a little into every day ap-
preciation of her remarkable accom-
plishments. The forthcoming visit of
the world's champion during so many
years—the holder of an unapproachable
record for speed and accuracy—will
afford the local typists an opportunity
to at least give a public demonstration
while in Victoria, and has also accepted
invitations to visit the schools and
quietly illustrate the capabilities of the
modern writing machine when manipu-
lated by the greatest of experts.

Writing from 100 words upward to the
minute, during half-hour tests of dic-
tation and with less than four mis-
takes to the page; writing from 50
words a minute upward while blind-
folded, in demonstration of the superi-
ority of the "touch" system, and copy-
ing at speed exceeding either of these
performances, are features of the ex-
hibitions given, and in which the keen-
est interest of the typing sisterhood
and brotherhood is certain to be
aroused.

SOCIAL AND PERSONAL

George E. Macdonald, Vancouver, is
over in the capital on business.

James E. Ingram has left via the
North Coast Limited for Chicago.

Miss F. Clarke, of the Empress hotel
staff, has returned from a visit to the
east.

Dr. R. L. Fraser went over to Van-
couver Saturday night on the Princess
Royal.

Mrs. Fell was hostess last week at a
bridge party given in honor of Miss
Rispen, who is staying with her.

Miss Olive Fawcett has returned
home from San Francisco, where she
has been holidaying for some time past.

Adolph Neu, chemist of the Vancou-
ver Portland Cement Company, Tod
Inlet, has left for California and east-
ern points.

Mrs. Thompson, for some time past
housekeeper at the Empress hotel, is
leaving for Banff to take up a similar
position in the C. P. R. hotel there.

Mr. Ray Congdon, engraver at the
Colonist photo-engraving plant, was
married on Saturday evening to Miss
Mabel Lillian McKerrill, of this city,
by Rev. W. Leslie Clay at the manse
on Linden avenue. Mr. R. A. Myra
supported the groom and Miss Emma
Ask was bridesmaid. Mr. and Mrs.
Congdon will take up their residence
on Johnson street.

Miss Sorby, Quebec street, gave a
small tea on Saturday afternoon, in
honor of Mrs. Yarwood, Nanaimo.
Amongst those present were Mrs. Yar-
wood, Mrs. Geo. Jay, Mrs. Devlin, Mrs.
Atkins, Mrs. R. B. McKinnon, Mrs. R.
D. Finlayson, Mrs. Billingham, Mrs.
L. H. Hardie, Mrs. B. H. Schwengers,
Mrs. Nicholles, Mrs. Yates, Mrs. Bur-
rows and Mrs. Stannard and the
Misses Grahame, Tolmie, Agnes and
D. Wootton, Sutton and Stannard.
Miss Ward and Miss Burrows assisted
at the tea-table.

We Would Advise

Anyone planning house decorations to turn their attention to Hall's Sanitary Water Paint. For obtaining excellent results, it is the most suitable of all for the interior and exterior of wooden houses. It is perfectly washable three weeks after being applied. It is made in rich, deep colors, as well as tints, and affords unlimited scope for artistic taste and individuality.

With Hall's Sanitary Washable Distemper and Hall's Distemper Friezes

The most charming effects may be obtained. For instance,

The Drawing Room: Ideal shades would be the lovely lavender greys, sunshine reflecting yellows and creams, or the delicate greens.

The Dining Room: Secure as cheerful surroundings as possible in rich, deep colorings. We have many splendid suggestions.

The Library: Choose a restful neutral color, say, dull olive green or brownish grey. The ceiling, if in cream or faint grey will soften the light without darkening the room.

The Bedroom: should be decorated in light and bright style, your favorite color easily chosen.

The Nursery: A greyish green is an exceptionally good shade for the children's eyes. Varnish the lower three feet to darken it and soften the light on the level of the eyes.

The Kitchen: Use one of the many light tints for the walls, darker shade of same color as dado. Varnish will give desired shade and great resistance round sink, etc., where wear and tear is heaviest.

Hall's Distemper is made in two qualities. The out side quality is weather-resisting and can be used on woodwork, iron work, brick work, stone work, etc. Come in and ask us for booklet giving useful hints on decorating. Mailed free on request.

Melrose Co. Limited.
Painters and Art Decorators
Tel. 405. 518 Fort St.

Last night the G. T. P. steamer Prince George left for Prince Rupert taking a large number of passengers and considerable freight. Southbound the steamer brought 70 passengers of whom a number left the George at this port.

A Banker's Advice

On business and financial affairs has protected many a one from incurring serious financial losses.

The customers of the Bank of Vancouver are welcome at any time to take advantage of the knowledge and judgment of this bank's officials.

STEAMER HAS ROUGH TRIP TO CLAYOQUOT

Queen City Returns to Port After Being Badly Used Off West Coast

Although battered about by heavy seas in the teeth of strong gales during her trip to Clayoquot and way ports, the C. P. R. steamer Queen City, Capt. Gilliam, returned to Victoria on Saturday afternoon, looking little the worse for her rough experience with the elements which have been making so fiercely off the West Coast. The Queen City took the second sailing of the Tees' schedule and will leave again to-morrow night for Clayoquot, replacing the injured vessel which grounded on Gowland Island.

The trip which the Queen City has just completed is one of the shortest on the schedule, and although only out from port four days she was given a bad shaking up. Shortly after leaving here she ran into boisterous weather and labored in the heavy seas. She buried her nose in the surf and at times she dipped her railings and her main deck was flooded with large quantities of water.

On her return trip in making the run from Clayoquot to Uclulet the steamer ran into a head wind blowing with great violence from the southeast. The Queen City forced her way into but could make little headway, and when Tolno was reached her skipper wisely remained there overnight until the storm had blown itself out. During her seafaring days the Queen City has seen many rough times off the West Coast and has had several close calls.

From Alberni the Queen City brought fifteen tons of machinery consigned to Janse, McDonald & Timothy, of B. C. This is the last of the large shipments which have been coming from Alberni for some time past, the machinery having been used in clearing the right of way of the E. & N. extension from Nanaimo to the West Coast town. She also brought to Victoria about forty passengers.

NEW STEAMSHIP MANAGER.

W. P. Martin Arrives in Vancouver From Montreal to Take Charge.

W. P. Martin, who has been the freight agent at the Place Vicer station, Montreal, for some years, has arrived in Vancouver to take charge of the steamship operations there.

Mr. Martin moved to Montreal from St. John's, N. E., in 1901, but before then he had served the C. P. R. for many years, in various capacities and always with distinguished success. He has been with the C. P. R. since its infancy, and began the career which has been so full of honors as train dispatcher at Hochelaga, before either passenger or freight lines had been established in the city proper. He has also travelled extensively in the Northwest, has been stationed at North Bay and Sudbury, among other places; and when there has been work calling for business-like and thorough administration Mr. Martin has been chosen in many cases as the best man to see the job through. At the time of the strike his department was found (when the strike was over) to be in better order than any other.

ENDS INDIGESTION IN A FEW MOMENTS

Gas, Heartburn, Headache and All Misery From Stomach Vanishes Before You Realize It.

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, Belching, Gas on Stomach, Heartburn, Headaches from stomach, Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh. Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

You couldn't keep a handkerchief or more useful article in the house.

TAURI DISCHARGED NITRATE YESTERDAY

German Liner Brought 300 Tons From Chile for the Giant Powder Co.

Bringing 300 tons of nitrate from Chile for the Giant Powder Company of this city, the Kosmos liner Tauri, Capt. Vierli, arrived at the outer dock on Saturday night and after discharging left last evening for Nanaimo to load bunker-coal. From there she will proceed to Seattle and Tacoma, for which ports she has considerable freight. Accumulated at Sound ports is much cargo awaiting shipment to West Coast points on the steamship.

Only three days were occupied by the German vessel on the run from San Francisco to Victoria and she arrived here several hours earlier than she was expected. Little rough weather was experienced on the last lap of the long passage from Hamburg to the Sound, a light southeast wind blowing the greater part of the time. Off Cape Flattery on Saturday evening the vessel encountered rather a stiff gale from the southwest, and as she was draughting very little water the Tauri pitched badly in the heavy seas.

Officers of the Kosmos liner state that on the whole the voyage from the German port was very fine and that only a few spots of rough weather were met. When the Tauri was making the run through the Straits of Magellan she was beset by a hurricane. A southwest wind blew with great velocity through the narrow channel and a heavy sea was running. The Kosmos, however, did not seek shelter in any of the places of refuge there but forced herself into it at full speed. Coming up the Pacific the liner had fine weather and reached all ports of call on time.

When at Hamburg the Tauri loaded a full cargo, including over 2,000 tons of iron consigned to various ports on the route, about 300 tons being for Seattle.

MARINE NOTES

The German sailing ship Alsterdamm has arrived at Newcastle, N. S. W., from San Francisco, after a record passage of 42 days.

A new wharf has been constructed at Tod Inlet by M. MacDonald for the Vancouver Island Portland Cement Works. It is 120 feet in length and 50 feet in breadth.

Bringing 112 tons of freight for Victoria and a number of passengers, the Pacific Coast steamship City of Puyallup will arrive at the outer wharf to-morrow afternoon.

Returning from a trip to Naden Harbor, the Canadian Northern Pacific Fisheries Company's steamer Petriana is expected to dock here to-morrow. She arrived in Vancouver yesterday.

On Thursday afternoon the Pacific Coast steamship Governor will sail for the Golden Gate. She is taking a capacity load and her passenger accommodation has nearly all been taken.

Before lying up for an overhauling, the G. T. P. steamer Henriette will make a special trip from Vancouver to the north with a cargo of general freight. She has completed her charter to the Canadian Northern Pacific Fisheries Company, after carrying supplies and material to Naden harbor.

On her next trip to the Mexican coast the steamer Lomada will carry about 100 tons of machinery and a number of flat cars. The shipment will be loaded at Vancouver, arriving from Seattle on the Coast Steamship Company's steamer Celtic.

The German barge Schiffbeck, Capt. Bruse, arrived at Port Angeles on Friday in ballast from Mejillones, Chile. She was held in quarantine several hours, two cases of fever having been found on board. As tubercular plague is said to be prevalent in South American ports, it was thought at first that the Schiffbeck would be sent to the Diamond Point quarantine station for fumigation. After a thorough inspection, however, Dr. P. L. Carter pronounced the fever to be typhoid and the yellow flag was hauled down. The vessel will be given a thorough cleaning before she proceeds to Tacoma to load lumber for the United Kingdom. The Schiffbeck was out sixty days and had an uneventful voyage.

HADDON HALL SOLD.

Well Known Saller on Puget Sound Disposed of by British Owners.

European advices received here announce the sale of the well known British barque Haddon Hall, of the C. E. De Wolfe & Co. fleet. Foreign owners bought the Haddon Hall through H. Clarkson for £1,700. The Haddon Hall is well known on the Sound, having made several voyages out from Europe to British Columbia. She was in Victoria about three years ago. Last April the Haddon Hall loaded lumber for Vancouver for Cardiff and was 294 days making the passage. She has since been lying at Cardiff, where she was sold to foreigners. The Haddon Hall is an iron barque of 1,332 net tons. She was built in 1865 by T. Royden & Sons at Liverpool.

The German ship Kallopie, 1,558 tons, has been sold to the Norwegians. She was built in 1888 by Connell & Co. at Glasgow and was owned by Rhederer Aktien-Gesellschaft of Hamburg. Another vessel well known here, the Lawhill, a British four-masted steel barque has just been sold to Liverpool owners by the American Oil Company, Ltd. of London. She is a vessel of 2,749 net tons, built by W. H. Thompson & Co. of Dundee, in 1892. The purchase price is not given.

WIND BLOWS WITH GREAT VELOCITY

Coastwise Shipping Had Very Trying Time During Yesterday

Blowing with great velocity, a strong southeast gale swept over this city yesterday. The wind rose on Saturday night and gained in fury until about noon yesterday, when it dropped considerably, but early in the afternoon it again resumed its violence. Late last evening it died down and was followed by a gentle shower of rain, from the clouds which had during the day been racing across the sky, attracting the attention of everyone.

As a result of the heavy gale a nasty sea was bent up in the straits and the Gulf of Georgia waves were racing between Victoria, Vancouver and Seattle had most trying experiences. The Princess Royal returning from Vancouver when crossing the gulf received the full force of the gale and she rolled and pitched in the big seas. Continually the waves rose over her bow and washed her decks and the conditions made travel for the passengers most uncomfortable.

Many Victorians braved the storm king and walked to the Dallas road to watch the surf dash against the rocks and hurl itself high in the air. It was a magnificent sight and people stood about them to watch the angry sea fling itself against the breakwater.

The Princess Adelaide rounded the outer wharf on her way to Seattle and attracted the attention of those on the promenade. The waves were running at a great height about 5 o'clock and as she rose and fell she was a beautiful spectacle to behold, as she drove into the surf, sending the water on to her promenade deck and the spray flying in all directions.

No disasters have, as a result of the storm, been heard of on the Pacific coast. Some of the telephone and telegraphic wires were out of order for a short time but this defect has been remedied in nearly all cases.

STARTS ON HUNDRED AND FIRST PASSAGE

Pacific Mail Liner China Leaves 'Frisco on Friday for Japan

(Times Leased Wire.)
San Francisco, Feb. 13.—When Captain Daniel Priele, known to seamen as "Ninety Fathom Dan," commanding the Pacific mail liner China, hauls anchor next Friday for the Orient, he will start the vessel on its 101st voyage.

The China was probably one of the first steamships to enter into the Oriental trade and has always operated from San Francisco, via Honolulu to Japan and China. She is one trip ahead of the C. P. R. liner Empress of Japan, which left here several weeks ago on her century voyage. The China completed her one hundredth passage from Japan on Friday last, arriving at the Golden Gate after a fine trip.

CRIMINAL LIBEL ON KING.

London, Feb. 13.—Edward Holtz James' Paris publication, the Liberator, containing a repetition of the story of the King's morganatic marriage, was circulated throughout England to-day. King George, it is understood, may have the attorney-general ask France to extradite James from Paris to be tried for criminal libel.

INVESTORS

The Syndicates formed by us are gradually accumulating and controlling some very valuable properties.

Total strangers are receiving large profits, derived from the benefits of sharing each other's judgment, which, coupled with our experience, and a gradually rising market, eliminates all elements of chance.

Hundreds are buying properties on the Victoria Realty Market, to-day, on the instalment plan, (the most expensive mode of purchase) with a view to eventually realizing a gain, by taking advantage of the gradual increase in values.

In our system you deposit your money in a trust account, in escrow, with the Royal Bank of Canada, where it remains until a cash purchase of a property is made. We cannot draw it. Every dollar deposited is invested. You can withdraw your full amount at any time.

You decide the purchase, and the price of sale. No amount is too small, nor yet too large, to finance for the mutual benefit of all concerned.

Everybody has something to sell, or knows of a purchase they would like to make, on Vancouver Island.

You are cordially invited to take advantage of our Syndicates. Our only charge is ten per cent. of profits earned.

Call, write or telephone for full particulars. Bankers—Royal Bank of Canada, 1106-8 Government Street. Solicitors—Messrs. Elliott, Maclean and Shandley, Law Chambers, Bastion Street.

H. P. WINSBY

FINANCIER.

EXPECT WEIR LINER IN PORT TO-MORROW

Superic Bringing Large Cargo—Monteagle and Bellerophon Both Due Saturday

With a cargo consisting of over 6,000 tons of general freight, the Weir liner Superic is scheduled to reach port to-morrow from Yokohama and other points in the Far East. She will discharge several hundred tons at this port before departing for Vancouver and the Sound. The Superic has but 150 bales of silk from New York. Very little of the silk trade falls to the Weir vessels because they are not speedy enough, they generally taking seven or eight days to cross the Pacific.

A cablegram from Yokohama announces the arrival of the new Bank steamship Luceric, which will leave on her maiden voyage to Victoria shortly. From there she will proceed to Manila, where delivery will be made to the Waterhouse company. It is not expected that the Luceric will arrive here before April, as she will engage in the trade in the Orient for some time.

The Blue Funnel liner, Bellerophon, in command of Capt. Collister, left Yokohama on Feb. 4 and is due to dock at the outer wharf on Saturday of this week. Her cargo is one of the most valuable that has been brought across the Pacific on a Holt steamship for some time. She has in all 10,000 tons of freight, including a shipment of 1,000 bales of silk, valued at \$750,000. The bulk of her cargo is made up of tea, mutton, curries and machinery.

Another Oriental liner is due here on Saturday, R. M. S. Monteagle, she having left Yokohama on the same date as the Bellerophon. A trans-Pacific race is now in progress between these two liners, and as they are about evenly matched in speed it is expected that they will reach port within a few hours of one another.

BERESFORD RETIRES FROM BRITISH NAVY

Second Great Man to Drop Out Within Month—Striking Career

Lord Charles Beresford retired from the British navy on Friday, under the age limit. The navy thus loses two of its most striking figures within a short time. Lord Fisher of Kilverstone, admiral of the fleet, having retired last month. Lord Beresford, who has made several visits to Canada, the last within two years, is thus referred to by Percival A. Hissam in a recent number of The Graphic:

"He entered the navy in 1859, at the age of thirteen, and earned his spauldres in Egypt. The signal 'Well done, Condon,' with which Admiral Sir Frederick Seymour complimented Lord Charles at the bombardment of Alexandria, has passed into a popular classic, and his services afloat and ashore earned him special promotion to the rank of captain. Later, he served in the Sudan campaign, and commanded the naval brigade at the battle of Abu Klea; while the secretary of the Admiralty, speaking of his rescue of Sir Charles Wilson (who had got into difficulties in the attempt to save Gordon at Khartoum), said that it was a feat of arms equally remarkable for the skill and gallantry displayed; and Lord Wolseley in dispatches described him as 'an officer whose readiness of resource and whose ability as a leader are only equalled by his daring.'"

"In 1885 Lord Charles entered parliament as member for East Marylebone, and in the following year he was appointed a Lord of the Admiralty—the only administrative appointment he has held. He resigned in 1888, in consequence of a difference with his superiors as to the provision made for general staff work. He re-entered parliament as a member for York in 1895, retained his seat until 1900, when he resigned in order to hold his flag under Admiral Fisher as second in command of the Mediterranean. A month after hauling down his flag, which he did in February, 1902, he was elected member for Woolwich, only to resign his seat twelve months later to take command of the Channel fleet. When the Home fleet became the Channel fleet, in 1905, Admiral Sir A. K. Wilson remained in command of this force, while Lord Charles went as commander-in-chief to the Mediterranean, a post which he left two years later to take command of the new Channel fleet. He hauled down his flag for the last time in March, 1909, when the Channel fleet was absorbed in the Home fleet and Sir William May took chief command of our naval forces in home waters."

Lord Charles was elected to parliament for Portsmouth in January, 1910, and again in the recent elections.

PROPOSED RECALL OF SENATOR-ELECT

California Senator Declared to Have Become Reactionary Republican

Sacramento, Cal., Feb. 13.—A verbal riot in the senate Saturday afternoon followed the introduction of a resolution providing for the recall of Senator-elect John D. Works of Los Angeles, because he opposed the recall of the judiciary. The measure, introduced by Sanford, was not read, nor was it printed in the journal for information of senators when the question shall come up.

Senator Roseberry, in the chair, refused to have the resolution read, holding that the allotted time for the introduction of bills had elapsed. A wordy wrangle then followed upon the question whether the resolution should be regarded as a bill.

The resolution recites the election of Works by "insurgent Republican and Progressive Democrats who believed him to be the embodiment of aggressive principles, in violation of the primary election law of California."

It declares that Works since being elected has "bolted from the combined insurgent Republican and Progressive Democratic party and become a reactionary Republican," which is a kind of a Republican not in good standing with this legislature.

Also that under article 16 of the federal constitution, legislatures may recall recalcitrant senators in congress before they assume the duties of office in congress.

Tuesday, February 14, is named as the day for the election of a senator to succeed Senator Flint.

NEW CHURCH FOR MERRIT.

Merrit, Feb. 11.—A fine new church building, fully equipped and well planned, will soon be at the disposal of the local Catholic denomination. The committee in charge has completed its plans, which will be forwarded to Bishop McNeil for sanction. It is understood that actual construction will commence in the course of a few weeks. The cost will be upwards of \$2,000, and the building will be sixty feet by twenty-six feet.

Rev. James Wagner, who for some time was in charge of St. Eugene Mission near Cranbrook, but who of late has been stationed at Kamloops, has been appointed to the presidency of the local parish and will take up his residence in Merrit shortly.

THINKING THEMES

BY DR. FRANK CRANE.

Most of the activities of animal life are performed just for fun, as the singing of birds, the darting of fishes, the leaping of squirrels and the kitten playing with its tail. Is it straining a point to argue from this to the presence of a sense of humor in the Creator? He who makes the jocund morning is not grim. Serious, solemn people have always been supposed to have the most goodness. But in the old pictures the saints and angels fly: bad souls were heavy and sunk down in to the pit. Righteousness seemed to produce a kind of levitation, so that a pure and holy person could float in the air.

The truth implied to these medieval works of art is that humor is a saving grace. The normal life does not flow thick and sluggish, but leaps and sparkles in the sun.

The man who believes utterly in the powers of goodness can afford to smile. Why should he worry? It is only in half-faith that we are gloomy and fearful. Most of the seriousness of the world is the result of doubt.

Those who are dead in earnest about everything had as well be in earnest about nothing; there can be no emphasis when one is always screaming as loud as possible.

No man should take himself too seriously. Let us imitate the sea that covers its depths with laughing waves, and the tree that conceals its harsh trunk with dancing leaves, and the Creator who pours play and laughter over all the mystery of life.

To the Editor:—The enclosed correspondence passed between the Hon. Richard McBride and us. If you can make any use of it towards elucidating the grievances of the small holder I should esteem your services greatly.

I may say that others who have purchased land from the railway belt are exempt from this abominable tax, and the claims dropped, and the land we have in three removed from crown lands, having been deeded to E. & N. railway belt and thence to Mr. Haslam, thence to Stephenson, McB. Smith & Cox, and thence to us, F. and R. Saunders.

I may say that we are entitled to burn up all the timber on our own place according to the government agent's advice, and to pay nothing for "that wasteful luxury." Is this not a far, especially as the same government spend so many millions to "preserve the timber?"

F. AND R. SAUNDERS.
Albion, V. I. B. C., Feb. 5, 1911.

(Copy Letter.)

Albion, V. I. B. C., Jan. 14, 1911.

To the Hon. Richard McBride, Victoria.
Dear Sir:—After reading your speech in the Vancouver Daily Province of Jan. 6, 1911, delivered at the Stockbreeders' Association, in which you stated: "It was the business of the government to assist in every possible way, and in this direction the department of agriculture was doing all that was possible, consistent with the provincial assets; that you wanted the people to always remember the department was not to be a burden, but a help in carrying on the formal business of the government, but was intended to assist the development of agriculture in every possible way." Now, sir, my brother and I are induced to come to Albion to live, a pamphlet issued by the government at Victoria three years ago, which stated there were 4,300 acres in Albion valley open to pre-emption. We arrived here two years before the government book was issued. This caused us to buy land, as we had only the amount the book advised, viz., £200, we could not afford to travel further. We purchased 12 1/2 acres from Messrs. Stephenson, McB. Smith and Cox at \$100 per acre, and were told all on the land was ours.

Now, sir, we have worked hard to clear and stump what little has been done, and have lately resorted to cutting firewood to help us to get powder and also to live, and find on calling on a customer for balance due that the government agent sent the customer word he required \$2c. per cord royalty on all the wood we supplied, although we bought the two lots and all the timber was ours.

Now, sir, does the above go to prove the speech made on behalf of agriculture, does it go to assist the settler in any way whatever?

Your kind attention to this matter will greatly oblige.

Yours truly,
F. AND R. SAUNDERS.

Prime Minister's Office.

Victoria, Jan. 10, 1911.

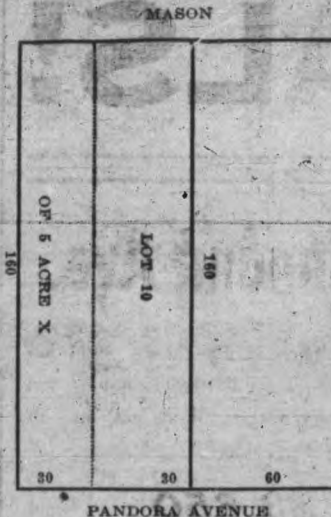

Messrs. F. and R. Saunders, Albion, B. C.:
Gentlemen:—I beg to acknowledge your favor of Jan. 11 with respect to tax on cordwood. I might explain that this tax is one that applies to the province as a whole, as you will see by reference to the enclosed copy of the Land Act, section 66.

Yours very truly,
RICHARD MERRIDE.

MUNICIPAL VOTERS' LISTS.

To the Editor:—Apropos of the interview with Mr. B. J. Perry, reported in this morning's Colonist, I should like to have you call attention to the register of voters' list to be compiled by the owners' voters' list is to continue? For the last two years my name has been regularly struck off the voters' list by the same official and without notice to me. I appealed on each occasion to the constable in charge, and on each occasion the official gave the same excuse for his action and was overruled by the court (on the advice of the city solicitor for the time being), and told that it was his duty to register the voters of owners in order to get the names, etc., to put in the list of owner voters and not to take them from the assessment list. Of course it was much easier to do the latter and leave trouble.

I hold no brief for favor Morley and am not one of his supporters, but I do him the justice to say that he read the

F. P. Fogg, of Los Angeles, who has been intimately associated with the Management of the Company from the commencement and as some important proposals will be considered it is requested that all Victoria Shareholders will endeavor to be present.

A. T. FRAMPTON,
Vice-President.

PASSING SHOW

Romano Photo-Play Theatre.

Some excellent features are in the bills at the Romano theatre for to-day and Tuesday. Imp films are the headlines. "When the Cat's Away," and "The Minnow," two screamingly funny pictures. "The School Marm's Courage" is a thrilling tale of the west made by the celebrated Reliance Company. This is the first western picture this firm has put out and is well worth seeing. "The Animated Gazette" tells of happenings of the time in motion pictures. "Hour by Hour" is a comedy featuring Max Linder, Pathe Freres' celebrated comedian. "The Fisherman's Honor" is a drama of great heart interest. W. Brooke, the English basso, will sing a well-known song and the Romano orchestra under Prof. Rye will have a special selection of music for the pictures.

Majestic Theatre.

The Majestic has for to-day and tomorrow a big Canadian feature, entitled "The Little Station Agent," a railroad story of the Canadian Rockies depicting how a young lady saved the limited from a collision with a runaway freight train. The action takes place in the heart of the Canadian Rockies, and the picture is a thriller. "Napoleon," the big Pathe feature, depicts some of the stirring events in his career, including some of his military experiences, saying adieu to the Old Guard, his capture and exile to St. Helena. "A Mirror of the Future" shows two lovers out for a walk and each buys a mirror from a peddler, which has the faculty of illustrating the future. "A Prince of Worth" depicts a young man turned away by his father for marrying a gypsy girl, but later becoming a great actor. "His Wife's Sweetheart" is a Biograph comedy showing how a husband was deceived by the servants wearing his wife's new fur coat and hat, and gets into all kinds of trouble over it. "After the Ball" is another Biograph story dealing with a gentleman who overstayed his allotted time at a masquerade ball.

New Empress Theatre.

For Monday and Tuesday the Empress has a very interesting programme. "Jack Pat and Jim Slim" is an extremely laughable comedy dealing with the difficulties of two friends while on a visit to Coney Island. It is a comedy that will make anyone laugh—and laugh some more. "Hamon's Father," by Selig, is a very thrilling story laid in the wildest part of Mexico. The picturesque background is alone sufficient to attract attention, but coupled with the story it produces a result dazzling to the most blasé eye. Pathe Freres presents a sensational drama taken from life, entitled "The Maid of Nikara," a dramatic film, intense and gripping. "How Rastus Gets His Turkey," is what is termed a logical comedy and contains many situations that are very laughable. "The Wonderful Plates" is a colored trick

PRIESTS MUST NOT MEDDLE IN POLITICS

Strict Orders From Heads of Church to Show No Party Preference

Archbishop Bruchet of Montreal, Bishop Emard of Valleyfield and Bishop Archambault of Joliette will issue strict orders to their priests and to all members of religious orders under their guidance, strictly to confine themselves in future to their call and to the service of the holy see, by having nothing whatever to do with any political discussion, and by ceasing to show any preference to any political party or faction, says a Montreal dispatch to the Toronto World.

For weeks past a bitter controversy has been going on between French Liberal newspapers and Nationalist organs, but the matter arrived at an acute stage when Rev. Father Hermas Lalonde, S. J., took up the cudgels on behalf of the so-called Nationalist newspapers, and in a signed article in the Devoir, endeavored to justify the conduct of those who, while banishing from the colleges some of the French newspapers, tolerated and encouraged the reading of others. The same evening it is stated the chief editor of a Montreal French paper was called to the archbishop's palace and saw Bishops Emard and Archambault, who had attended during the day a function at the Montreal college and had been forcibly detained here by the storm. The interference of some of the members of the clergy in politics was discussed at length, with a result that could not have any doubt in the minds of those present. The three dignitaries of the Catholic church will, it is said, issue forthwith strict orders to their clergy, advising those who have shown public preferences for any political party to refrain in future from doing so.

It is also stated that instructions will follow advising the heads and directors of colleges and educational institutions in the archdiocese of Montreal and the diocese of Valleyfield and Joliette that not only political, but all newspapers are henceforth not to be read in the colleges, and that protection towards certain sheets must stop immediately.

Confronted it is said by the troubling problem which has been forced on them by recent occurrences and the bitter controversy between some of the French newspapers which has been going on for some weeks, the three heads of the Catholic church mentioned saw nothing left but to call a halt to a state of things which had already gone too far and which threatened, if allowed to continue, to strike a fatal blow at the prestige and influence of the Catholic clergy.

An editorial article which appears in Le Canada, entitled "Politics and the Clergy," emphasized the contention that the church forbids expression of the unwarrantable interference of the clergy in matters of purely political bearing. Le Canada, in the course of its article, adds that it has recently received the testimony of competent authorities as to the occurrence it takes exception to.

ENGLAND'S WATERWAYS.

Royal Commission Shows How Neglected Canals Can Be Linked Up.

How to render the great waterways of England navigable for vessels of from 100 to 300 tons burden is the subject to which the water supply committee of the royal commission on canals has applied itself. The result of its investigations with regard to the following routes have just been published:

"Birmingham to the Thames at Brentford, London, with a branch to Paddington and Limehouse dock."
"Korton Junction on route 1, via Leicester and Nottingham, to the Humber Estuary."
"The Mersey Estuary to Birmingham, with branches to Wolverhampton and to the Trent."

"Birmingham and Wolverhampton to the Severn and Shrewsbury docks." The committee considers that the river portions of the routes formed by the Rivers Trent, Severn, Weaver and Scar could be made capable of passing much larger craft than at present without experiencing any difficulty with respect to water supply, but the canal portions of the routes have limited water supplies, which would require to be greatly augmented. It would, however, be possible to improve the routes throughout to the 100-ton standard without any insuperable difficulty with respect to water supply.

Without much difficulty with regard to further water supplies the waterway from the Humber to Nottingham could be improved for 750-ton vessels, and from that city to Burton for 300-ton boats, and from Burton to Birmingham. The route from the Severn estuary is capable of improvement for 600-ton

ADVERTISE IN THE TIMES

FRASER RIVER
STEAMER WRECKED

The Chilco Carried Down the Stream by Ice Near the Blackwater

South Port George, Feb. 11. — The steamer Chilco is a total wreck. In endeavoring to bring through a shipment of freight from Cuesnel late last fall the Chilco arrived at Port George on Jan. 10 and was wrecked on the rocks.

The boat was beached and splintered, and the cargo, which consisted of lumber, was scattered about the mouth of the Blackwater River.

Most of the cargo was removed from the boat and landed on the river bank.

A Canadian man, who was on the boat and was believed to be safe, was rescued by the crew of the steamer Chilco, which was made for the mouth of the Blackwater River, where the wrecked steamer was found.

The white man, who was the last to be seen, was rescued by the crew of the steamer Chilco, which was made for the mouth of the Blackwater River, where the wrecked steamer was found.

The boat was beached and splintered, and the cargo, which consisted of lumber, was scattered about the mouth of the Blackwater River.

FOUND DROWNED.

Vancouver, Feb. 11.—The body of Thomas Cameron was found floating in the slip at the foot of Gore Avenue. Cameron was last seen at the Rainier Hotel about 8 o'clock Monday evening, and friends say that he was then perfectly sober. He had been sleeping for some weeks in the pilot house of the tugboat Ella, which he reached by climbing down a ladder from the wharf on to the deck of another boat. The body was floating, indicating that he was dead or unconscious before reaching the water. It is possible that the unfortunate man slipped from the short ladder, and the boat lying some distance down, it being low tide, was stunned by striking the rail of the boat, and fell into the water.

Some three months ago the deceased was said to have been struck a blow on the head in a fight amongst some sailors, and he had been acting strangely since.

An examination of the body revealed no marks of blows that might have caused death from foul play.

SPIRITED DISCUSSION
ON HYMN BOOK

Proposed Revision Voted Down at Meeting of the Anglican Synod

Vancouver, Feb. 11.—A spirited discussion on the revised version of the Book of Common Prayer recently compiled by the Canadian Anglican church was the most interesting phase of the meeting of the synod of New Westminster.

H. J. Minchin, in moving the resolution which precipitated a brief but heated debate, said that it was seldom that one who took an active interest in a choir was a member of synod and it was for this reason that he ventured to submit "That the Synod take steps for the speedy revision of the Book of Common Prayer, and that an opportunity be given to the members of the Canadian church more especially choirmasters and members of the choir to make suggestions in connection with such revision, and that a large number of hymns and tunes which have been altered should be restored to their familiar form."

Mr. Minchin said that great liberties had been taken with the old tunes. The rhythm, the key and other modifications had been made, materially changing the whole character of the music.

W. J. Walker said that he regretted the changes also. Perhaps it was a mistake, but one liked best the way in which one was accustomed.

Archdeacon Pentreath declared that changes would be exceedingly expensive. He pointed out that it was not necessary to use the book if another were preferred.

Rev. St. George Buttrum asked whether the musical revision of the book had not been accomplished by Mr. Martin, one of the most distinguished musicians in the Anglican church.

The resolution was voted down. Another animated passage was provoked by the consideration of the appointment of a vicar-general by the bishop.

W. J. Walker said that there had been some opposition to the appointment because it was deemed related to Romanism. But this was because the people were not acquainted with the history of the Church. He claimed that a more intimate acquaintance with the literature, art and culture of England would be extremely beneficial.

Walter Hepburn said he was a British-born Canadian, and would give way to no one in his loyalty to the Anglican Church, but he deemed Mr. Walker's remarks somewhat uncalled for.

Rev. Mr. Hoyle poured oil on the troubled waters in the form of a gentle stream of historical and ecclesiastical lore regarding the office of vicar-general.

That the presence of the Orientals in our midst affords the Christian churches a great opportunity of influencing these great races, was one of the most striking observations in Rev. H. G. Flenness-Clinton's engrossing remarks on the Japanese. The mission to women, he said, was doing "excellent work under the guidance of Mrs. Patrick." The Japanese Christians who were members of the congregation of the mission on Cordova street, were collecting money for the stipend of a Japanese priest, and Mr. Clinton had addressed a letter to the bishop in Japan on the subject. Forty students, two of whom were women, were at present in the school.

From one big New York hotel more than half a million telephone messages are sent each year.

SEWERAGE ACT, 1910.

ESQUIMALT SEWERAGE DISTRICT.

NOTICE

WHEREAS the Lieutenant Governor in Council has pursuant to the provisions of Subsection one of Section 3 of the Sewerage Act 1910, constituted all of the tract of land situated in the Esquimalt Electoral District bounded on the East by the Western boundary of the City of Victoria and on the North by the southern boundary of the Esquimalt and Nanaimo Railway Company's right of way and the easterly boundary of Section 2, Esquimalt District, and on the West and South by Esquimalt Harbor, the Straits of Fuca and Victoria Harbor, a Sewerage District under said Act, under the name of the "Esquimalt Sewerage District."

AND WHEREAS at a public meeting of the owners of said District, held at the Lampton Schoolhouse on January 26th, 1911, at the hour of eight o'clock p. m., a resolution was passed, to wit: That a public meeting of the owners in said District be held pursuant to Subsection Two of Section 3 of the said Act, at the Lampton Schoolhouse, on Tuesday, the 28th day of February, 1911, at the hour of 8 p. m., for the purpose of selecting three or more commissioners to execute the works in connection with sewerage in said District, and that notice of said meeting be published in the Daily Colonist, Daily Times and B. C. Gazette at least three weeks before the said date.

Therefore Take Notice, that a public meeting of the owners in said District will be held at the time and place aforesaid for the purpose of selecting three or more commissioners for the purposes aforesaid, under the provisions of sub-section 2 of section 3 of the said Act.

Dated at Victoria, B. C., the 25th day of January, 1911.

By order of the General Meeting.

A. R. WOLFENDEN, Secretary.

The Store That Serves You Best

ORANGE MARMALADE

A GOOD RECIPE

To every 12 oranges allow the juice and grated rind of four large grape fruit, equal weight of sugar and one pint water. Peel oranges carefully, remove a little of the white pith and boil the rinds in water for two hours. Break pulp into small pieces, cut the boiled rind into chips. Make a syrup with the sugar and water, when clear of scum put in the pulp and chips. Boil altogether for twenty minutes or half an hour.

This Week Will Be Orange Marmalade Week With Us!
Watch for Our "Specials."

PLANS FOR GERMAN INVASION OF FRANCE

Reported to Be in Possession of French Cabinet—Questions in Chamber

Paris, Feb. 13.—Expectation is on tip-toe to-day with the report that an interpellation is to be made in the Chamber of Deputies demanding either an affirmation or denial from the Kaiser and King Leopold of Belgium of a reported agreement whereby Belgian territory should be open at any time to aid a German invasion of France. The complete plans for the reported invasion and a draft of the agreement between Leopold and the Kaiser are said to be in the possession of the French cabinet. It is believed that the government will refuse to interpellate either of the monarchs, preferring to wait rather than to precipitate a diplomatic crisis.

ANTI-ASIATIC BILLS IN CALIFORNIA

Supporters of the Administration Confident They Can Defeat Measures

Sacramento, Cal., Feb. 13.—Regarding the anti-Asiatic question as having reached a serious stage, insurgent leaders in the state senate held a conference Saturday at which, it is believed, a plan for effectually ending the legislative agitation against Orientals was determined upon.

The result of the conference was not made public, but sufficient was learned on which to base a prediction that the federal relations committee will offer a substitute resolution for that of Senator Sanford, which protests against the elimination of "the coolie clause" from the pending new treaty with Japan. The substitute will be of a milder tone than Sanford's resolution. The government will be expected to have regard for the Pacific coast and not let down the bars to the entering classes of Oriental countries. It will recognize, however, that the federal government had a better view of the whole situation and probably will state that California has implicit faith in the wisdom of the Washington authorities.

The members of the committee, it is said, have about decided to report out all the anti-Asiatic measures with the recommendation that they shall not pass, and then fight them down on the senate floor.

The supporters of Governor Johnson in the upper house figure that, at the most, the anti-Asiatic measures would receive 15 votes, whereas it would require 21 to pass any measure and defeat them.

Similar action will be taken in the assembly. This would end the agitation over the subject. The leaders recognize that continued discussion of the question does not aid California's exposition project.

TO IMPROVE ROAD.

Eight Millions to Be Spent on Harriman System Between Spokane and Portland.

Portland, Ore., Feb. 13.—Contracts for \$8,000,000 of construction work on the North Coast or third division of the Oregon-Washington Railroad and Navigation lines between Spokane and the Snake river, reducing the distance between Portland and Seattle 54 miles, making this line the shortest between the two cities, will be let within a few days, with the stipulation that they be completed before the end of 1912.

Arrangements have been made with the Chicago, Milwaukee and Puget Sound road for the joint use of the line between Marengo, where the North Coast crosses the Milwaukee and Spokane, a distance of about 60 miles. The road will be built and owned by the Harriman system, the Milwaukee agreeing to pay a trackage charge.

The terminal facilities at Spokane will be owned jointly by these companies.

Safe and Accurate Medication

The Winds of Competition Only Make Our Trade Soar the Higher

The question is, have we any competitors? We think not. There are lots of furniture houses, but they have not the quality we have. Therefore they are not competitors. This is without doubt the quality store; there is no question about it, and anybody who does doubt it, we would ask them to visit the other stores first. Our store is also the largest furniture store in this Great West; therefore we have the largest variety of the latest in furniture of quality to select from. We buy in larger quantities than other houses; therefore we have better prices to offer you. Give our third or fourth floors a visit to-day and see the wonderful showing we have in the furniture line.
